KEY DATE

♂ Mars enters ♈ Aries

Mars in *Aries* brings **directness and speed** to how people push for what they want, whether at work or in conversations. You'll notice people **act faster** on decisions and speak up more bluntly instead of holding back, which can get things done quickly but also create friction if someone feels steamrolled. In practical terms, this is when **competition heats up** — at the gym, in meetings, on projects — and people have less patience for delays or obstacles.

KEY TRANSIT FACTORS

♀ Venus ☐ Square ♂ natal Mars ★

Over the coming weeks, you're likely to feel **restless and impatient in your relationships**, wanting more excitement or attention than your partner is willing to give right now. Your desire for closeness keeps bumping up against your need to do things your own way, which can create awkward moments or small arguments that feel out of proportion. These clashes are temporary, but they'll show you where you and the people close to you actually want different things.

♀ Venus ☐ Square ♅ natal Uranus ★

Right now you're restless in your relationships and find it hard to settle into routine affection or commitment. You might **push away people who want closeness** or suddenly lose interest in someone who was important to you last week. This friction between wanting freedom and being expected to show up consistently will test your patience and theirs over the coming weeks.

☉ Sun △ Trine ♁ Chiron ★

Right now you find it easier to **talk about what actually happened to you** without getting defensive or ashamed. Your practical ability to understand your own patterns improves, and you can explain your mistakes to others without needing to apologize repeatedly. This makes conversations feel clearer and less emotionally exhausting than usual.

♁ Chiron ☐ Quincunx ♅ natal Uranus

You feel uncomfortable with your usual ways of doing things, even though you can't quite explain why. These days you notice yourself wanting to break free from routines that normally work for you, which creates **practical friction between your need for stability and your urge to change direction**. Over the coming weeks, small adjustments in how you handle independence or unconventional choices will feel necessary, even if they don't come naturally to you right now.

♃ Jupiter ∟ Semi sextile ☾ natal Moon

You find it easier to ask for what you need right now, and people tend to respond well when you do. Your mood is steadier than usual, which makes **speaking up about emotional concerns feel less risky**. Over the coming weeks, small conversations that might normally feel awkward often lead to genuine support instead.

♃ **Jupiter** □ **Square** ♃ **natal Neptune**

Right now you are **overestimating what you can achieve** and making promises you cannot keep. Your optimism is running ahead of reality, and you may find yourself committed to projects or goals that are actually beyond your practical reach. Over the coming weeks, disappointment will follow when you realize the gap between what you imagined and what is actually possible.

♄ **Saturn Rx** · ♋ **Cancer**

The structures that support emotional security — family obligations, domestic arrangements, and habitual patterns of care — are being reassessed right now. Boundaries in close relationships may feel either too rigid or insufficiently maintained. Honest reflection on what genuinely sustains you yields more now than seeking external reassurance.

☉ **Sun** ♂ **Conjunction** ♀ **Venus**

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☾ **Moon** □ **Square** ☿ **Mercury**

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.
