KEY TRANSIT FACTORS

☾ Moon ☐ Square ♄ natal Saturn ★

Right now you feel **emotionally heavy and withdrawn**, as if your normal mood swings have turned sluggish and grey. You notice yourself avoiding people, cancelling plans, and sitting with feelings of inadequacy that feel hard to shake. Over the coming weeks, this low mood will likely push you to look honestly at what you actually need instead of what you think you should want.

♁ NNode △ Trine ♀ natal Venus

Right now you find it easier to **say what you actually want in relationships** instead of hiding your needs. People respond well to your honesty because you're not aggressive about it, just clear. Over these coming weeks, you may notice others treating you with more warmth and respect when you show up as your authentic self.

♅ Uranus ☐ Square ♇ natal Pluto

You feel a strong urge to blow up situations that have felt stuck for a long time, and this impulse is hard to ignore right now. Your **need for sudden change clashes with your instinct to maintain control**, which creates real friction in your decisions and relationships. Over the coming weeks, you may act impulsively on things you normally handle with calculation, and the fallout could be messy because you're not thinking through the practical consequences.

☉ Sun ♂ Conjunction ♄ natal Saturn

These days you feel **more serious and focused** than usual, and your mood is steadier but also quieter. You're less interested in socializing or taking risks, and instead you notice yourself wanting to get practical things done and do them properly. This period pushes you to work on something real and concrete, whether that's a project at work, a financial decision, or cleaning up something you've been putting off.

♀ Venus △ Trine ☉ natal Sun

Right now you feel more **comfortable being yourself around others**, and people respond well to that ease. You are more likely to say yes to social invitations and actually enjoy them instead of overthinking beforehand. This period is ideal for smoothing over small rifts in relationships or simply spending time with people who genuinely like you.

☿ Mercury Rx · ♊ Gemini

Information overload and communication mix-ups are more likely right now than at other times. You may find yourself re-reading, misunderstanding, or having to repeat conversations that should have been straightforward. Slow down with written communications in particular — errors sneak through when you feel most certain.

☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun ☌ Conjunction ☿ Uranus

At the moment, you feel **restless and impatient with routines that normally work fine**. You might suddenly want to change something about how you look, where you work, or how you spend your time, even if there's no real problem. This push to break free or do something different is normal right now, so notice what you actually want to change versus what's just nervous energy looking for an outlet.

☉ Sun ☌ Semi sextile ♄ Chiron

These days you find it easier to **notice what actually bothers you instead of ignoring it**. This small shift in self-awareness means you can address practical problems before they get worse. The *Sun* and *Chiron* aspect right now creates a quiet window where you see yourself more clearly and can make real changes.

Moon in ♎ Libra · Day 8 / 30 · Waxing Crescent

The social atmosphere becomes more diplomatic during this transit, with more care taken to avoid unnecessary friction. Decisions slow down as multiple perspectives get weighed, and outright conflict feels harder to initiate than usual.
