KEY TRANSIT FACTORS

☾ Moon * Sextile ♃ natal Jupiter ★

You feel **more generous and open to other people** right now, which makes conversations easier and helps you connect with others without overthinking things. Your mood is lighter, and you're more likely to say yes to social invitations or to help someone out without keeping score. This is a good window to ask for what you need or to approach someone you've been meaning to reach out to, because you come across as relaxed and genuinely interested in them.

☾ Moon △ Trine ♆ natal Neptune ★

Your **imagination feels more accessible right now**, and creative ideas come to you more easily than usual. You're also more **attuned to what people around you need emotionally**, picking up on moods and unspoken feelings without effort. These days your intuition works in your favour, especially when you're making decisions or trying to understand a difficult situation.

☾ Moon ☌ Opposition ♇ natal Pluto ★

While this lasts, you are likely to feel **emotionally raw and defensive about things you normally keep hidden**. Small comments from others may feel like attacks, and you might push back hard or withdraw completely without explaining why. This period tends to expose power struggles in your relationships and make you aware of control patterns you have not noticed before.

♃ Jupiter △ Trine ☉ natal Sun

Right now you feel **more confident in yourself** and people around you pick up on that shift. You're more likely to speak up in meetings, take on new projects, or ask for what you want without overthinking it. Over the coming weeks, this is a practical time to pitch ideas, apply for opportunities, or have conversations you've been putting off because your natural self-assurance makes people more receptive to you.

☉ Sun □ Square ♁ natal Chiron

These days you're more aware of where you feel inadequate or hurt, and this awareness is uncomfortable rather than helpful. You might find yourself **withdrawing from situations where you feel exposed or judged**, even if no one is actually criticizing you. Over the coming weeks, this self-doubt can make ordinary tasks feel harder than they should be, though it usually passes once the transit moves on.

☉ Sun □ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☉ Sun ☿ Quincunx ♇ Pluto

Right now you might feel **out of step with your own needs**, as if what you want and what's actually happening don't quite match up. You notice yourself making small adjustments to stay in control of a situation, only to realize those tweaks aren't really working. This mismatch between your intentions and real results can leave you feeling frustrated until you accept that some things need to shift more completely than you planned.

☾ Moon ☿ Conjunction ♃ Jupiter

Right now you feel more **generous and open to other people** than usual, which makes it easier to connect socially or ask for what you need. Your emotional confidence is higher, so you're more likely to take a chance on something that normally makes you nervous. This mood won't last forever, so use it to have conversations you've been putting off or to try something that requires a bit of courage.

★ = natal resonance — this transit echoes your birth chart, amplifying its influence
