KEY TRANSIT FACTORS

♀ Venus ☐ Square ♂ natal Mars · peak 15 Jan ★

Over the coming weeks, you're likely to feel **restless and impatient in your relationships**, wanting more excitement or attention than your partner is willing to give right now. Your desire for closeness keeps bumping up against your need to do things your own way, which can create awkward moments or small arguments that feel out of proportion. These clashes are temporary, but they'll show you where you and the people close to you actually want different things.

♇ Pluto △ Trine ♄ natal Chiron · peak 18 Jan

You find yourself **naturally helping others with their struggles** right now, and people seem to trust you more easily than usual. Your own past difficulties suddenly feel less raw, which frees up your attention to actually listen and support the people around you. Over the coming weeks, this practical compassion becomes one of your strengths rather than something that exhausts you.

♃ Jupiter ☐ Square ☾ natal Moon · peak 28 Jan

Right now you feel **emotionally restless and dissatisfied** with situations that normally comfort you, like time with family or your home routine. You might overcommit yourself or make promises you cannot keep because your judgment about what you can actually handle is off. Over the coming weeks, this mismatch between what you want and what is realistic creates friction in your personal relationships and leaves you feeling bloated rather than nourished.

♊ NNode * Sextile ♂ natal Mars · peak 10 Jan

You find yourself **taking action on things that matter to you without overthinking**, and people respond well to your straightforward confidence. Over the coming weeks, opportunities show up because you're willing to put yourself forward instead of holding back. Your practical energy right now is contagious, and you're likely to accomplish more by simply doing rather than planning.

♃ Jupiter ☒ Quincunx ♃ natal Jupiter · peak 13 Jan

Right now you are noticing a mismatch between what you want to expand in your life and what actually fits your current situation. You might feel pulled toward a new opportunity or ambition, but something about it does not quite align with your practical reality. Over the coming weeks, the adjustment you need to make will become clearer if you stop pushing and instead listen to what feels genuinely **workable** rather than just exciting.

♊ NNode △ Trine ♅ natal Uranus · peak 2 Jan

Over the coming weeks, you find it easier to **break free from routines that no longer fit** without feeling guilty or reckless. Your instinct for what needs to change aligns naturally with the directions your life is actually moving, so small rebellions feel honest rather than impulsive. This is a good window to experiment with new approaches to work or friendships and trust that the timing is right.

♃ Jupiter ☌ Quincunx ♃ natal Neptune · peak 27 Jan

You're noticing a mismatch between what you want to believe and what the facts actually show you right now. **You're more inclined to overlook practical details** or convince yourself that things will work out without doing the legwork, and reality keeps pushing back. Over the coming weeks, your real challenge is to stay grounded instead of letting optimism override what you can actually see and verify.

♄ Saturn △ Trine ♃ natal Jupiter · peak 6 Jan

Right now you find it easier to **follow through on what you say you'll do**, and people notice the reliability. Your practical judgment improves, so you can spot the difference between a good opportunity and wishful thinking. Over the coming weeks, this steadiness lets you build something real instead of chasing every new idea that appeals to you.

♄ Chiron ☌ Opposition ♄ natal Saturn · peak 6 Jan

Right now you're feeling the gap between what you think you should be able to handle and what actually feels manageable, which makes everyday tasks feel heavier than usual. You may become **unusually self-critical about your limitations**, noticing where you fall short of your own standards and being harder on yourself than you normally are. Over the coming weeks, people close to you might interpret this as withdrawn or pessimistic, when really you're just confronting how much pressure you've been putting on yourself to stay in control.

♁ NNode ☌ Quincunx ♃ natal Mercury · peak 31 Jan

Over the coming weeks, you'll notice your usual way of explaining things doesn't quite land the way it normally does. People seem to need you to say things differently than feels natural to you right now, which can be **awkward and frustrating** in conversations. The mismatch between what you want to communicate and what actually gets understood will push you to find new ways of thinking about how you talk to others.

♃ Neptune * Sextile ♃ natal Neptune · peak 1 Jan

You find it easier right now to **notice patterns in your own thinking** without getting caught up in them. Your intuition about what people need from you becomes clearer, and you can offer support without losing yourself in their problems. Over the coming weeks, this practical clarity about emotional situations helps you make better choices about who and what deserves your time.

♃ Neptune * Sextile ♃ natal Moon · peak 1 Jan

Your **emotional intuition is sharper right now**, and you pick up on what people actually mean beneath their words. You find yourself more patient with others' feelings and less likely to react defensively when someone upsets you. Over the coming weeks, this softer approach tends to draw people closer to you and makes conversations feel safer for everyone involved.

♃ Neptune ☌ Conjunction ♃ natal Jupiter · peak 31 Jan

You're more willing to take risks right now, and your usual caution about money or commitments feels less important than it did before. This can work in your favour if you're starting something new, but you might also overlook practical details or agree to things without checking the facts first. Over the coming weeks, check decisions twice before acting, because your judgment about what's realistic is softer than normal.

♃ Jupiter □ Square ♄ natal Pluto · peak 31 Jan

Right now you're pushing harder on situations that resist you, and the harder you push the more they push back. You're likely **overestimating how much control you actually have** over people or circumstances that operate by their own rules. Over the coming weeks this friction will either force you to step back and accept limits, or exhaust you trying to prove a point that doesn't need proving.

♅ Uranus □ Square ♃ natal Mercury · peak 31 Jan

Your thoughts feel scattered and hard to pin down these days, making it difficult to follow through on plans or explanations. You might **interrupt conversations without noticing, say things you regret, or struggle to listen** because your mind is jumping between too many ideas at once. This restlessness in how you think and communicate will likely frustrate both you and the people around you until this period passes.

♃ Jupiter Rx · ♋ Cancer

Emotional generosity and the expansion of close bonds may feel less available right now. Past connections, family relationships, or unresolved emotional commitments return to the foreground. Honest reflection on where your genuine care and loyalty are directed yields more than performing warmth you do not feel.

♄ Saturn Rx · ♊ Gemini

Mental discipline and consistency in communication are being tested right now. Projects that require sustained intellectual effort may expose areas where your commitment has been shallow. Returning to half-finished work rewards you more during this period than starting fresh.

in ♄ Capricorn

long-term goals, ambition, structural reset

in H7 — Partnerships

A significant new chapter in your one-on-one relationships is beginning. Whether in **romantic partnership, business collaboration, or important agreements**, this lunation plants seeds that will mature over the next six months. The people you meet or commit to now carry lasting significance. If you've been considering a serious conversation with a partner or are ready to formalize a collaboration, this is the most supportive moment to take that step.

○ Full Moon · Monday, 28 Jan

in H1 — Self & Identity

Something significant about your identity and self-presentation is coming to a head. A situation that has been developing is now reaching a **turning point involving your confidence, independence, or personal direction**. Decisions made at this peak about how you want to show up in the world will carry lasting weight. Your personal needs deserve to come first.

KEY DATES

Tue, 1 Jan ♃ Neptune * Sextile ♃ natal Neptune

♃ Neptune * Sextile ☾ natal Moon

Wed, 2 Jan ♋ NNNode △ Trine ♁ natal Uranus

Fri, 4 Jan ♀ Mercury enters ♒ Aquarius

Mercury in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

Fri, 18 Jan ♇ Pluto △ Trine ♄ natal Chiron

Sat, 19 Jan ♀ Mercury stations Retrograde

♀ Venus enters ♒ Aquarius

♂ Mars enters ♈ Aries

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

Sun, 20 Jan ☉ Sun enters ♒ Aquarius

♃ Jupiter □ Square ☾ natal Moon

Sun in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.
