KEY TRANSIT FACTORS

♁ Chiron △ Trine ☉ natal Sun · Wednesday 27 Dec ★

Over the coming weeks, you find it easier to **talk about your past struggles without shame**, and people respond by listening instead of judging. Your confidence in handling difficult conversations improves naturally, and you notice you can help others through their problems without getting stuck in them yourself. This period gives you a practical window to work through something that has bothered you for a while, and your clarity right now makes the work feel less heavy.

♇ Pluto ∟ Semi sextile ♊ natal NNode · Sunday 31 Dec

Over the coming weeks, you find yourself **naturally drawn toward people and situations that feel genuinely right for you**, without needing to overthink the decision. Small obstacles that usually frustrate you seem easier to work around, and you notice you're less defensive when someone challenges your choices. This is a good time to say yes to invitations or opportunities that align with what you actually want, because your instincts are working quietly in your favor.

♄ Saturn △ Trine ♄ natal Saturn · Monday 25 Dec

Right now you find it much easier to **stick with long-term plans without second-guessing yourself**. You have a practical clarity about what needs doing and the patience to do it step by step without getting frustrated. This is a good time to tackle projects that require consistent effort, because your mind naturally settles into a steady rhythm instead of jumping around.

♆ Neptune △ Trine ☿ natal Mercury · Monday 25 Dec

Your thinking becomes **less rigid and more imaginative** right now, making it easier to see possibilities where you usually spot problems. You find yourself writing more fluently, explaining complicated ideas in ways people actually understand, and picking up on what others really mean beneath their words. While this lasts, your mind works in gentler patterns, so take advantage by tackling creative projects or having difficult conversations you've been putting off.

♆ Neptune ∟ Semi sextile ♂ natal Mars · Sunday 31 Dec

Right now your usual drive to act is softened by a gentler, more intuitive approach to what you want. You find yourself **listening to your gut before charging ahead**, which actually helps you avoid wasted effort and see better options. Over the coming weeks, this combination of *Neptune* and *Mars* lets you pursue your goals with less force and more imagination, making your efforts feel easier even when you're working hard.

♃ Jupiter qx Quincunx ♇ natal Pluto · Monday 25 Dec

Over the coming weeks, you may feel **restless with situations you thought were settled**, wanting to change things that previously felt stable or important to you. Your confidence in what you control grows, but it doesn't match up neatly with what's actually possible right now, leaving you frustrated. These misalignments between what you want to reorganize and what the real world allows are the main friction you'll notice while *Jupiter* stays at odds with your *Pluto*.

♄ Chiron ♂ Conjunction ♄ natal Chiron · Sunday 31 Dec

Over the coming weeks, you become more aware of the ways you actually help other people, and it feels less forced than usual. You notice yourself giving advice or support without needing recognition, and this **practical generosity** comes naturally right now. At the moment, whatever wound or struggle you've carried tends to feel less raw, which makes it easier to be useful to someone else.

♆ Neptune ♄ Quincunx ♃ natal Uranus · Sunday 31 Dec

Over the coming weeks, you find yourself **second-guessing decisions you normally make without hesitation**, especially about independence or unconventional plans. Your instinct to break free from routine is still there, but doubt keeps creeping in about whether the timing or approach actually makes sense. This confusion fades once the transit passes and your clearer judgment returns.

♇ Pluto ♂ Conjunction ♀ natal Venus · Monday 25 Dec

You're experiencing **unusually intense feelings about your relationships and what you want from them**. Your attractions feel deeper and more serious than usual, and you may find yourself wanting to control or reshape a partnership in some way. These shifts won't last long, but while *Pluto* is conjunct your natal *Venus*, expect your emotional needs to feel non-negotiable.

♃ Jupiter ♌ Semi sextile ♀ natal Moon · Monday 25 Dec

You find it easier to ask for what you need right now, and people tend to respond well when you do. Your mood is steadier than usual, which makes **speaking up about emotional concerns feel less risky**. Over the coming weeks, small conversations that might normally feel awkward often lead to genuine support instead.

☿ Mercury Rx · ♐ Sagittarius

Plans for travel, education, or big-picture goals hit unexpected snags right now. Opinions expressed with too much confidence may need to be walked back, and long-distance communications often get garbled. This is a better period for reviewing beliefs than for broadcasting them.

♃ Jupiter Rx · ♉ Taurus

Material growth and financial expansion slow during this period, encouraging a more careful review of resources and values. Over-commitments made in a spirit of optimism may now feel burdensome. Consolidating what you have is more productive now than reaching for more.
