KEY TRANSIT FACTORS

♀ Venus ∠ Semi sextile ♃ natal Jupiter ★

While this lasts, you find it easier to say yes to small social invitations and feel genuinely interested in other people's stories. Your **natural warmth shows up more** in conversations, and you notice people respond better to you without you trying harder. This is a good time to strengthen friendships or spend money on experiences that bring you closer to the people you care about.

♄ Saturn qx Quincunx ☾ natal Moon ★

These days you feel a mismatch between what you need emotionally and what your life is actually set up to give you. You might find yourself feeling restless or slightly out of sync in your daily routines, or noticing that **your usual comfort strategies stop working the way they normally do**. Over the coming weeks, small adjustments to how you manage your time or handle responsibilities may help you feel more settled again.

☾ Moon ∠ Semi sextile ♂ Mars ★

These days you have a natural **willingness to take action on what matters to you emotionally**. You notice you can speak up about your needs without getting defensive, and people respond better because you sound calm instead of urgent. This period gives you just enough psychological momentum to move on something you've been sitting with for weeks.

♀ Venus ☌ Conjunction ♁ natal Chiron

Right now you are more willing to talk about what hurts you, and people respond with genuine care instead of judgment. You notice **old insecurities feel less raw** when you mention them out loud—someone's kindness or interest makes the shame fade a little. Over the coming weeks, small acts of acceptance from others will matter more to you than they normally do.

☿ Mercury qx Quincunx ☾ natal Moon

Right now your thoughts and your feelings are working at cross purposes, so you say one thing while sensing something different underneath. You might find yourself explaining yourself repeatedly to people because your words do not quite match what you actually feel, creating **awkward misunderstandings in conversations**. Over the coming weeks, paying attention to this gap between what you think and what you feel will help you communicate more clearly.

☾ Moon □ Square ♅ natal Uranus

Right now you feel restless and irritable in ways that don't match your usual mood, making you **snap at people over small things** and struggle to sit still. Your need for sudden change clashes with what you actually need emotionally, so you might suddenly want to quit something or push away someone close to you without being clear why. These feelings will pass in a few days, but while they last you'll need to notice the impulse to act on them rather than act immediately.

☉ Sun ☌ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun ☌ Opposition ♁ NNode

Right now you are **pulled between what feels safe and what pushes you forward**, and this friction makes decision-making harder than usual. You notice yourself either clinging to familiar routines or suddenly abandoning them, without finding a middle ground that actually works. Over the coming weeks, this disconnect between your comfort zone and growth will keep surfacing in practical situations, forcing you to pick a direction instead of staying stuck.
