KEY TRANSIT FACTORS

♀ Venus ☌ Quincunx ♁ natal Chiron

Right now you notice that **compliments or affection from others feel slightly off or hard to accept**, even when you know they're genuine. You might find yourself over-explaining why someone's kindness doesn't quite apply to you, or wondering if they really mean it. This awkwardness in receiving care tends to fade as the weeks pass, but while it lasts you'll do better by simply saying thank you rather than analyzing why you don't deserve the attention.

☿ Mercury △ Trine ♀ natal Venus

Right now you find it easier to say what you actually mean, and people respond well to your words because you sound genuine and warm. You're naturally bringing up topics you care about without overthinking them, and conversations flow toward connection instead of conflict. This is a good time to have difficult talks with someone close to you, since you can express yourself **thoughtfully and with real affection** at the same time.

☾ Moon △ Trine ♃ natal Jupiter

Right now you feel **genuinely optimistic about what's possible**, and other people pick up on that — they become more generous and cooperative with you. You're more likely to take small social risks or ask for what you need because rejection doesn't seem threatening at the moment. These days your mood lifts your practical decisions, so you make choices that actually work out better than usual.

♀ Venus □ Square ♀ natal Venus

These days you feel **restless about what you want** and find it hard to settle on anything that normally makes you happy. You might pick fights with people you care about over small things, or suddenly feel disconnected from activities and relationships that usually feel satisfying. This friction between what you think you should want and what you actually want right now can push you to figure out what really matters to you, even though it feels uncomfortable while it lasts.

♃ Jupiter ∟ Semi sextile ♂ natal Mars

Over the coming weeks, you'll notice yourself **taking action on plans you've been sitting on** without the usual self-doubt. You feel more confident when you push forward on practical tasks, and small wins come easier than usual. This is a good time to start that project or have conversations you've been putting off, because your natural momentum is working in your favour right now.

☉ Sun ♂ Conjunction ♂ Mars

Right now you feel **more direct and willing to take action** on things you normally hesitate about. You're likely to speak up in conversations, push forward with a project, or make a decision you've been putting off. This practical confidence usually fades once the transit passes, so use it to handle what actually needs doing.

☉ Sun ☌ Conjunction ♃ Jupiter

Right now you feel more confident about your abilities and less worried about what could go wrong. You are **more willing to take on bigger challenges** and speak up in situations where you normally stay quiet. This period tends to bring real opportunities your way because you are actually showing up differently, not because of luck.

☉ Sun * Sextile ♄ Saturn

Right now you find it easier to follow through on what you say you'll do, and people notice you're more reliable than usual. Your practical judgement is sharp, so **you can see what actually needs to happen** instead of getting distracted by what sounds exciting. This is the kind of period where effort pays off directly, so if you've been putting something off, the conditions are there to make real progress without burning yourself out.
