KEY TRANSIT FACTORS

☾ Moon ☐ Square ♆ natal Neptune

Right now your **emotional reactions feel unreliable and confusing**, making it hard to know what you actually feel versus what you're imagining. You might find yourself withdrawing from people or creating problems that don't exist yet because your mood shifts so quickly. These fuzzy emotional states can cloud your judgment in practical decisions, so waiting a few days before making important choices about work or relationships will help you stay grounded.

♁ Chiron * Sextile ♃ natal Jupiter

You find it easier right now to talk about past disappointments without getting stuck in them. Your natural ability to look forward and find the practical lesson in what went wrong is stronger than usual. Over the coming weeks, this becomes a genuine resource—you can help others see their setbacks as useful information rather than permanent failures.

♃ Jupiter ☐ Square ♇ natal Pluto

Right now you're pushing harder on situations that resist you, and the harder you push the more they push back. You're likely **overestimating how much control you actually have** over people or circumstances that operate by their own rules. Over the coming weeks this friction will either force you to step back and accept limits, or exhaust you trying to prove a point that doesn't need proving.

♀ Venus ☌ Conjunction ♂ natal Mars

You feel more **confident and direct about what you want**, whether in romantic or social situations. These days you're more likely to make the first move, express attraction openly, or simply go after something that interests you instead of waiting. This confidence usually works in your favour, though it can fade quickly once the transit ends.

♃ Jupiter ☌ Opposition ☉ natal Sun

Right now you are running into people and situations that directly challenge what you believe about yourself. You feel **pulled in opposite directions** — one part of you wants to expand and take on more, while another part doubts whether you can actually deliver. Over the coming weeks, this friction is likely to expose where you've been overestimating your capabilities or making promises you can't keep.

♀ Venus Rx · ♌ Leo

The need for admiration and recognition in relationships surfaces more strongly right now, sometimes in ways that surprise you. Past romantic connections or unresolved questions about self-worth may return during this period. Examining what you genuinely offer in relationships is more useful than seeking external validation.

☉ Sun ☌ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun ☿ Quincunx ♅ Uranus

At the moment you feel pulled in two directions without clear reason, and small changes in routine throw you off balance more than usual. Your usual way of doing things no longer feels quite right, but you don't yet see what would work better, which creates **restless dissatisfaction**. These days minor adjustments in your practical life take more energy and patience than they should.

☉ Sun ♁ Opposition ♆ Neptune

Right now you are **more likely to feel confused about what you actually want** because the gap between your real goals and your wishful thinking is wider than usual. You might make promises you cannot keep or agree to things without checking the practical details first. The emotional fog makes it harder to trust your own judgment, so this is a good time to ask someone else before you commit to anything important.

LUNAR DAY

Moon in ♌ Leo · Day 30 / 30 · Waning Crescent

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
