KEY TRANSIT FACTORS

♀ Venus ∠ Semi sextile ♃ natal Jupiter ★

While this lasts, you find it easier to say yes to small social invitations and feel genuinely interested in other people's stories. Your **natural warmth shows up more** in conversations, and you notice people respond better to you without you trying harder. This is a good time to strengthen friendships or spend money on experiences that bring you closer to the people you care about.

☉ Sun ★ Sextile ♃ natal Jupiter ★

These days you feel more **willing to take reasonable risks** and try things you've been putting off. People around you seem more generous with their time and help, making it easier to move forward on practical goals. This period brings a straightforward boost to your confidence without the pressure to overcommit or perform.

☉ Sun ♁ Opposition ☾ natal Moon

Right now you feel caught between what you want to do and what you feel you should do, and this split is making you irritable and tired. Your **need for rest clashes with external demands**, so you're pushing yourself when your body is asking for a break. Over the coming weeks, others may see you as withdrawn or difficult, when really you're just exhausted from the mismatch between your inner state and what the outside world expects from you.

♃ Jupiter △ Trine ♃ natal Mercury

Right now your thinking is clearer than usual and you find it easier to explain what you mean to other people. You're picking up on details and patterns you normally miss, which helps you solve problems faster and make better decisions in practical situations. This is a good time to write, teach, negotiate, or learn something new because your mind is working **with less friction** and your words land better with others.

♇ Pluto △ Trine ☾ natal Moon

These days you find it easier to **act on what you actually feel** instead of hiding or dismissing your emotions. People around you notice you seem more direct and honest about what matters to you, and they tend to respond well to this straightforwardness. Over the coming weeks, situations that once felt emotionally stuck start to move forward because you're not holding back anymore.

♃ Mercury ♁ Opposition ♂ natal Mars

Right now you're more likely to say things you regret, especially when someone disagrees with you or moves too slowly. Your **impatience with others' words and ideas** is heightened, making conversations feel combative even when they don't need to be. Over the coming weeks, watch for a pattern where you interrupt, argue about details, or push your point too hard instead of listening.

☉ Sun ☾ Semi sextile ♀ Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.

☉ Sun * Sextile ♇ Pluto

These days you find it easier to **spot what needs to change** in your life without feeling overwhelmed by it. The practical support between *Sun* and *Pluto* means you can see problems clearly and actually do something about them instead of avoiding them. This is a good window for tackling projects that require focus and honesty about what's really going on.
