KEY TRANSIT FACTORS

♇ Pluto ☿ Quincunx ♅ natal Uranus

You feel pulled between wanting to break free from something and not knowing exactly what to change or how. This inner restlessness can make you **act impulsively on plans that aren't fully thought through**, only to second-guess yourself days later. Over the coming weeks, small adjustments to your routines or relationships will feel more useful than any dramatic moves.

♂ Mars ☿ Quincunx ☾ natal Moon

Over the coming weeks, you may feel **restless in ways that don't match what you actually want to do**. Your emotional needs and your impulse to act keep pulling in different directions, leaving you frustrated or unsure which one to follow. This awkward timing usually passes, but while it lasts you might notice yourself starting things and stopping them, or feeling irritated that people aren't moving at your pace.

♃ Jupiter ☉ Opposition ♆ natal Neptune

Right now you are **more likely to overcommit or make promises you cannot keep**, because your sense of what is realistic has become fuzzy. You may find yourself agreeing to things at work or in relationships without thinking through the practical details, then feel frustrated when reality does not match what you imagined. Over the coming weeks, this mismatch between your optimism and what actually needs to happen will force you to get clearer about what you actually want instead of what sounds good in the moment.

☿ Mercury ☿ Quincunx ♇ natal Pluto

Right now your mind is picking up on uncomfortable truths that you normally ignore, and you feel compelled to talk about them even though it makes conversations awkward. You may notice **your words come across more bluntly than usual**, especially about other people's behaviour or secrets, which can create friction in relationships. Over these coming weeks, you'll do better if you pause before speaking and ask yourself whether what you're about to say actually needs to be said right now.

☿ Mercury * Sextile ☉ natal Sun

Your thinking is **clearer and more direct** these days, making it easier to explain what you actually mean to people around you. Conversations flow naturally and you find yourself asking better questions, which helps you understand what others really need from you. This is a good stretch to pitch ideas, write something important, or sort through a practical problem you have been sitting with.

☉ Sun ∟ Semi sextile ♂ Mars

These days you feel **motivated to take small steps forward** without forcing things or burning out. Your practical energy matches what you actually want to do right now, so starting a project or having a difficult conversation feels less exhausting than usual. This is a good window to build momentum on something you care about while the effort still feels natural.

☉ Sun ♂ Conjunction ♆ Neptune

Right now your sense of what is real gets softer and less clear. You might find yourself **believing things without checking them first** or making decisions based on feelings instead of facts. This is a good time to notice when you are being vague or wishful, and to ask someone you trust whether your view of a situation actually matches what is happening.

☾ Moon * Sextile ☿ Mercury

These days your thoughts feel clearer and your feelings find words more easily than usual. You notice you can **explain what you're going through without getting stuck or defensive**, and other people seem to understand you better. This is a good time to have conversations that matter, because both your head and your heart are on the same team right now.

LUNAR DAY

Moon in ♊ Gemini · Day 6 / 30 · Waxing Crescent

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY
