## KEY DATE

### ♀ Venus enters ♊ Sagittarius

Venus in *Sagittarius* brings a **looser, more generous** approach to spending and dating, with people tending to say yes to invitations and expensive outings rather than staying home. In relationships and work, this transit makes **honesty and directness** feel more important than keeping the peace, so conversations become blunter and less filtered. Most people notice they **want variety** — sticking with the same restaurant, routine, or person feels boring — and they're more willing to try something unfamiliar or travel to a new place.

## KEY TRANSIT FACTORS

### ♅ Uranus \* Sextile ♅ natal Uranus

You find yourself **more willing to try new approaches** to problems that have frustrated you before. These days, you can spot practical changes that might actually work without overthinking them. Over the coming weeks, this clarity makes it easier to break free from routines that no longer fit your life.

### ☉ Sun ∟ Semi sextile ☾ natal Moon

These days you find it easier to **say what you actually feel** instead of keeping things bottled up. Your emotional needs and what you want to communicate are working together smoothly, so people around you are more likely to hear you out. This is a good window to have conversations you have been putting off or to express something that matters to you.

### ♂ Mars △ Trine ♃ natal Mercury

Your mind feels sharper these days, and you can express what you think without second-guessing yourself. You find it easier to **organize your thoughts into action**, whether that's talking through a problem or getting a project moving forward. This practical clarity lasts a few weeks, so it's a good time to handle conversations you've been putting off or tackle work that needs both thinking and doing.

### ♇ Pluto \* Sextile ♃ natal Jupiter

While this lasts, you feel more willing to **take calculated risks** and act on opportunities that normally would intimidate you. You're noticing that your instinct for what could work is sharper than usual, and people respond well when you pitch ideas or ask for what you need. Over the coming weeks, this confidence tends to open doors in practical areas like work, finances, or learning something new.

### ♂ Mars \* Sextile ♁ natal NNode

You're finding it easier to take action on things that actually matter to you right now. **You speak up more directly** in conversations and situations where you've normally held back, and people respond well instead of shutting you down. Over the coming weeks, small risks you take—like saying no, trying something new, or standing up for what you want—tend to work out, giving you real momentum toward goals that feel genuinely yours.

☉ Sun ☌ Semi sextile ♂ Mars

These days you feel **motivated to take small steps forward** without forcing things or burning out. Your practical energy matches what you actually want to do right now, so starting a project or having a difficult conversation feels less exhausting than usual. This is a good window to build momentum on something you care about while the effort still feels natural.

☉ Sun ☐ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. Sun square Jupiter pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☉ Sun ☿ Quincunx ♄ Chiron

Right now you notice small practical problems in areas where you thought you had things figured out. Your confidence runs into situations that don't quite fit your usual approach, and you have to **adjust your methods rather than push through**. This mismatch between what you expected and what's actually happening is the main feature of these days, and it often leads to useful corrections if you pay attention.

LUNAR DAY

Moon in ♈ Aries · Day 14 / 30 · Waxing Gibbous

**Impatience with delays** rises noticeably right now, and people act on whatever they want without much advance thinking. Short tempers and blunt reactions are more common for the next 48 hours.
