## KEY DATE

### ☿ Mercury enters ♐ Sagittarius

*Mercury* in *Sagittarius* brings **direct, blunt communication** — people say what they think without much filtering, which can clear the air or create awkward moments depending on who's listening. At work and in conversations, you'll notice **big-picture talk** taking over, with less patience for small details or nitpicking, so getting agreements in writing becomes more important. *Sagittarius* also pushes curiosity and debate, so **arguments stay friendly** longer than usual, even when people disagree strongly.

## KEY TRANSIT FACTORS

### ☾ Moon ☌ Quincunx ♄ natal Saturn ★

These days you feel out of sync between what you need emotionally and what your responsibilities demand. You might notice yourself **starting tasks but struggling to finish them**, or feeling irritable when practical obligations interrupt your mood. This awkward gap between your feelings and your duties will pass in a few days, but right now it's making small decisions feel surprisingly complicated.

### ♄ Saturn ☐ Square ☿ natal Mercury ★

Right now your thinking feels slower and more careful than usual, and you may struggle to express yourself clearly to others. **You second-guess your words** before speaking, worry that what you say will be misunderstood, and find it harder to explain ideas that felt obvious before. These mental delays and doubts will pass once this transit moves on, but while it lasts you'll need to accept that communication takes more effort and patience.

### ♅ Uranus △ Trine ♁ natal Chiron

Right now you find it easier to **talk about things that usually stay hidden**, and people respond well when you do. Your practical understanding of what went wrong in past situations sharpens, letting you explain your own patterns without judgment. Over the coming weeks this shift in clarity can help you move through old hurts in a straightforward way rather than getting stuck in them.

### ♀ Venus \* Sextile ♄ natal Saturn

Right now you find it easier to **follow through on commitments** without feeling overwhelmed or resentful about them. Your practical side and your emotional needs are working together instead of pulling in opposite directions, so you can say yes to plans or responsibilities and actually feel good about them. This is a good time to have honest conversations about what you want from your relationships, because you can express your needs without being defensive or distant.

### ☿ Mercury ☐ Square ♅ natal Uranus

Right now your thinking is scattered and you jump between ideas without finishing them, which makes it hard to explain what you actually want to others. You feel **restless and impatient** with normal conversation, often blurting out opinions you later regret or missing what someone else is trying to tell you. Over the coming weeks, this mental friction could damage plans or relationships if you don't write things down before you speak or act on them.

## ♃ Jupiter Rx · ♉ Taurus

Material growth and financial expansion slow during this period, encouraging a more careful review of resources and values. Over-commitments made in a spirit of optimism may now feel burdensome. Consolidating what you have is more productive now than reaching for more.

## ☉ Sun ♂ Conjunction ♿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

## ☉ Sun ∟ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

## ☉ Sun △ Trine ♂ Mars

Right now you feel **capable and ready to act** on things you've been thinking about. You have the psychological boost to start projects or push through obstacles without burning out or getting frustrated. This period makes practical effort feel natural instead of forced.
