## KEY TRANSIT FACTORS

### ☿ Mercury △ Trine ☾ natal Moon · peak 3 Jan ★

Right now you find it much easier to say what you actually feel without overthinking it. Your conversations with people close to you flow naturally because you can **express emotions clearly and listen without getting defensive**. This is a good window to have the conversations you've been putting off, since what you say lands well and creates real understanding.

### ♂ Mars ∟ Semi sextile ☾ natal Moon · peak 31 Jan ★

These days you're finding it easier to act on what you actually feel instead of sitting with emotions until they build up. Your instinct to do something practical when you're upset or restless is working well for you right now. This **willingness to move forward emotionally** means small conflicts settle faster and you feel less stuck in your own moods.

### ♆ Neptune ∟ Semi sextile ♄ natal Saturn · peak 15 Jan

Right now you find it easier to **soften rigid rules you've been following without questioning**, and this actually helps you get more done rather than less. Your practical judgment stays sharp while you become less harsh with yourself about small mistakes or delays. These next few weeks give you a real chance to loosen your grip on control and discover that things still work out fine.

### ♆ Neptune ☉ Opposition ♁ natal NNode · peak 4 Jan

While this lasts, you may feel **unclear about which direction to take** in relationships or work, even when you normally have a clear sense of what matters to you. People around you might seem unreliable or send mixed signals, making it hard to know who to trust or what advice to follow. These weeks test your ability to stay grounded in what you actually know about yourself instead of drifting toward whatever feels easiest or most appealing.

### ♄ Saturn ☉ Opposition ♇ natal Pluto · peak 17 Jan

Right now you feel **blocked by rules and limits** whenever you try to take control of a situation. You bump up against authority figures or your own need for structure, and it makes you resentful because you're used to having your own way. Over the coming weeks this friction won't ease—it's asking you to accept that some things aren't yours to force.

### ♃ Jupiter □ Square ♇ natal Pluto · peak 27 Jan

Right now you're pushing harder on situations that resist you, and the harder you push the more they push back. You're likely **overestimating how much control you actually have** over people or circumstances that operate by their own rules. Over the coming weeks this friction will either force you to step back and accept limits, or exhaust you trying to prove a point that doesn't need proving.

### ♄ Saturn □ Square ☉ natal Sun · peak 15 Jan

Right now you feel less confident than usual and more aware of your limits. Your **self-doubt shows up in real ways** — you hesitate before speaking up, you second-guess decisions you would normally make quickly, and you notice people responding to this hesitation by taking the lead instead. This period asks you to do practical work on your confidence, not by ignoring the doubts but by acting despite them.

#### ♃ Jupiter ☌ Opposition ☽ natal Sun · peak 26 Jan

Right now you are running into people and situations that directly challenge what you believe about yourself. You feel **pulled in opposite directions** — one part of you wants to expand and take on more, while another part doubts whether you can actually deliver. Over the coming weeks, this friction is likely to expose where you've been overestimating your capabilities or making promises you can't keep.

#### ♁ NNode \* Sextile ♃ natal Pluto · peak 31 Jan

These days you find it easier to notice what you actually want to change about yourself, and you have the practical confidence to start making those changes without overthinking them. You're **more willing to act on uncomfortable truths** about your habits or patterns instead of avoiding them. This period supports real psychological shifts because you can see your own resistance clearly and work through it without getting stuck in self-doubt.

#### ♁ NNode ♃ Quincunx ♃ natal Jupiter · peak 1 Jan

Right now you are noticing a mismatch between what you believe will make you happy and what actually does. You keep planning for bigger opportunities or better outcomes, but the details keep shifting in ways that require you to **adjust your expectations repeatedly**. Over the coming weeks, this awkward fit between your hopes and your real circumstances will push you to be more realistic about what you can actually control.

#### ♆ Neptune △ Trine ☾ natal Moon · peak 31 Jan

Right now your **emotional intuition is unusually reliable**, and you find yourself understanding what people need without them having to spell it out. Your relationships feel more natural and less effortful during this period, as if you are picking up on unspoken feelings with ease. Over the coming weeks, this sensitivity works in your favour in conversations where you need to be gentle or reassuring.

#### ♁ NNode ♃ Quincunx ☽ natal Sun · peak 31 Jan

These days you feel pulled between what you want to do and what feels like the right thing to do, and the two don't quite line up. You might find yourself **saying yes to commitments that don't actually match your real priorities**, then feeling frustrated when you realize what you've agreed to. Over the coming weeks, the practical answer is to slow down before you commit and check in honestly with yourself about what you actually want.

#### ♆ Neptune △ Trine ☿ natal Mercury · peak 1 Jan

Your thinking becomes **less rigid and more imaginative** right now, making it easier to see possibilities where you usually spot problems. You find yourself writing more fluently, explaining complicated ideas in ways people actually understand, and picking up on what others really mean beneath their words. While this lasts, your mind works in gentler patterns, so take advantage by tackling creative projects or having difficult conversations you've been putting off.

#### ♇ Pluto □ Square ♂ natal Mars · peak 1 Jan

You are feeling blocked when you try to act on what you want, and small frustrations can trigger **sudden intense anger** that surprises even you. Your usual way of getting things done meets resistance from other people or from circumstances, leaving you feeling powerless and resentful. Over the coming weeks, you will need to pay attention to where you are actually pushing too hard instead of assuming others are the problem.

#### ♇ Pluto □ Square ♅ natal Uranus · peak 31 Jan

Right now you feel a strong urge to break free from something in your life, but the harder you push for change the more resistance you meet. You become **impatient with rules and frustrated by limits**, which can make you act rashly or damage relationships you actually want to keep. Over the coming weeks, focus on understanding what you really want to change before you make moves you cannot easily take back.

## LUNATIONS

---

● New Moon · Sunday, 1 Jan

### in ♑ Capricorn

long-term goals, ambition, structural reset

### in H3 — Communication & Learning

Your mind is ready for new inputs and your communication style is shifting. This is an excellent time to **start a course, launch a project involving writing or speaking**, or open honest conversations with people in your immediate environment. Short trips, new learning experiences, and reconnecting with siblings or neighbors may carry unusual significance now. What you plant in conversation and learning at this point will take root in meaningful ways.

---

○ Full Moon · Monday, 16 Jan

**in ♋ Cancer**

emotional culmination, family matters, inner needs surface

**in H10 — Career & Reputation**

Your professional life and public reputation are under full illumination. A **career achievement, recognition, or significant turn in your public standing** is reaching its peak. This is often the full moon associated with promotions, public moments, or a situation at work coming to a decisive point. How others see you professionally is clarified now — for better or worse. What you've built toward is visible, and so are the gaps between your ambitions and your current reality.

**KEY DATES**

---

**Sun, 1 Jan** New Moon in Capricorn

♅ Pluto ☐ Square ♂ natal Mars

**Tue, 3 Jan** ♂ Mars stations Retrograde

♀ Lilith enters ♊ Gemini

*Mars* stationing retrograde often brings **delays and restarts** in projects, work deadlines, and physical activities—things that felt urgent suddenly move slower or need reworking. People commonly notice they feel less pushy, more willing to **reconsider decisions** they made before, and sometimes **old conflicts or rivalries** come back up that need settling. In practical terms, this is a good time to **revise plans** rather than launch new ones, fix broken equipment, and handle any pending arguments you've been avoiding.

**Wed, 4 Jan** ♃ Neptune ♂ Opposition ♋ natal NNode

**Sat, 7 Jan** ☿ Mercury enters ♒ Aquarius

*Mercury* in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

**Sun, 8 Jan** ♀ Venus enters ♐ Sagittarius

♄ Saturn ☐ Square ☼ natal Sun

*Venus* in *Sagittarius* brings a **looser, more generous** approach to spending and dating, with people tending to say yes to invitations and expensive outings rather than staying home. In relationships and work, this transit makes **honesty and directness** feel more important than keeping the peace, so conversations become blunter and less filtered. Most people notice they **want variety** — sticking with the same restaurant, routine, or person feels boring — and they're more willing to try something unfamiliar or travel to a new place.

**Tue, 10 Jan** ♄ Chiron stations Retrograde

*Chiron* stationing retrograde tends to bring **old wounds or insecurities back into focus**, making you notice patterns you thought you'd moved past—in relationships, work, or how you handle rejection. During this period, **progress on healing or learning slows down**, and you may find yourself revisiting past failures or setbacks rather than moving forward with new skills or confidence. In practical terms, this is a good time to **review what didn't work before** and adjust your approach, though expect frustration if you're trying to push ahead quickly.

**Sun, 15 Jan** ♄ Saturn ☐ Square ☼ natal Sun

**Mon, 16 Jan** Full Moon in Cancer

♃ Neptune ♂ Opposition ♋ natal NNode

**Tue, 17 Jan** ♅ Pluto enters ♐ Sagittarius

♄ Saturn ♂ Opposition ♅ natal Pluto

*Pluto* in *Sagittarius* brings a **shift in what people believe and teach** — old rules get questioned, industries tied to information and education face upheaval, and you may find yourself **ditching outdated advice** that never really worked. In relationships and work, expect **deeper honesty about values**; people become less willing to fake agreement just to keep the peace, and conversations that stayed surface-level before now **dig into real disagreements**. The pattern is that **rigid certainty collapses** over this 20-year cycle — religions, political movements, publishing, travel, and higher education all experience pressure to transform or die out.

**Sat, 21 Jan** ☼ Sun enters ♒ Aquarius

*Sun* in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.

**Mon, 23 Jan** ♂ Mars enters ♌ Leo

*Mars* in *Leo* brings **direct, confident action** that people around you will notice right away — you speak up more often,

take charge in meetings, and stop waiting for permission to try things. In relationships and at work, this transit **increases competition** and **ego clashes**, so you may find yourself arguing more or wanting credit for what you do. The practical shift is that you'll have real **energy and drive** to finish projects and take risks, but you'll also feel less patient with people who move slowly or don't acknowledge your effort.

**Thu, 26 Jan** ♄ Mercury stations Retrograde

♃ Jupiter ☌ Opposition ☾ natal Sun

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

**Fri, 27 Jan** ♃ Jupiter ☐ Square ♅ natal Pluto

**Tue, 31 Jan** ♁ NNode ✕ Sextile ♅ natal Pluto

♆ Neptune △ Trine ☾ natal Moon
