KEY TRANSIT FACTORS

♊ NNode qx Quincunx ♇ natal Pluto · peak 21 Dec

Over the coming weeks, you may feel pulled in two directions when it comes to control and letting go. You want to move forward in a new direction but find yourself **reluctant to release old patterns** that feel familiar. This discomfort is real, and pushing too hard to change things quickly will only create more friction with yourself.

♃ Jupiter qx Quincunx ♃ natal Jupiter · peak 26 Dec

Right now you are noticing a mismatch between what you want to expand in your life and what actually fits your current situation. You might feel pulled toward a new opportunity or ambition, but something about it does not quite align with your practical reality. Over the coming weeks, the adjustment you need to make will become clearer if you stop pushing and instead listen to what feels genuinely **workable** rather than just exciting.

♇ Pluto ☐ Square ☾ natal Moon · peak 19 Dec

You feel unusually disconnected from people you're close to, as if you cannot quite let them comfort you the way you normally would. Your **emotional walls go up automatically**, and you may withdraw or push away support even when you need it. Over the coming weeks, this psychological distance can strain your relationships unless you notice what is happening and make an effort to stay connected despite the discomfort.

♊ NNode * Sextile ☉ natal Sun · peak 25 Dec

Over the coming weeks, you find it easier to **say yes to opportunities that actually fit who you are**. People seem to notice your confidence and invite you into situations where you can be yourself without pretending. This is a practical window to take on roles or projects that match your actual strengths rather than what you think you should be doing.

♄ Chiron qx Quincunx ♂ natal Uranus · peak 24 Dec

You feel uncomfortable with your usual ways of doing things, even though you can't quite explain why. These days you notice yourself wanting to break free from routines that normally work for you, which creates **practical friction between your need for stability and your urge to change direction**. Over the coming weeks, small adjustments in how you handle independence or unconventional choices will feel necessary, even if they don't come naturally to you right now.

♆ Neptune ☐ Square ♀ natal Venus · peak 1 Dec

Right now you are **drawn to people and situations that are not what they seem**, and you will likely regret the time and money you invest in them. *Neptune* is blurring your judgment about what you actually want from relationships and what others can realistically give you. Over the coming weeks, pay close attention to the gap between the promises people make and what they actually deliver, because your usual ability to read a situation is temporarily offline.

♃ Jupiter ♁ Quincunx ☉ natal Sun · peak 9 Dec

Over the coming weeks, you feel pulled toward bigger plans or ambitions but find the timing awkward — what looks promising on paper doesn't fit smoothly into your actual life right now. You may **start projects with real enthusiasm only to realize they need reworking** once you see how they actually slot into your schedule or resources. This period asks you to adjust your expectations rather than push forward unchanged, and that kind of practical recalibration takes patience.

♃ Jupiter * Sextile ♅ natal Pluto · peak 10 Dec

You are noticing that **you can actually follow through on changes you've been wanting to make**, whether at work or in your personal life, because your motivation to act is both strong and steady right now. *Jupiter* sextile your natal *Pluto* means you have real leverage to transform something practical — you see what needs to happen and you have the confidence to do it without second-guessing yourself. Over the coming weeks, people around you may pick up on this shift and start treating you differently, which can open doors you didn't expect.

♄ Saturn ∟ Semi sextile ♅ natal Pluto · peak 31 Dec

You're finding it easier right now to **follow through on difficult decisions** without second-guessing yourself. The practical support between *Saturn* and *Pluto* gives you the kind of quiet confidence that lets you stick with tough changes once you've committed to them. Over the coming weeks, you'll notice you're less likely to get pulled back into old patterns because you've actually built something solid to replace them.

♃ Jupiter ♂ Conjunction ♆ natal Neptune · peak 31 Dec

Over the coming weeks, you may find yourself **more willing to believe in possibilities that seem unlikely**, and this can work for you or against you depending on what you're pursuing. Your practical judgment softens right now, making you generous with money and optimistic about future outcomes in ways that feel good but may not be realistic. If you're starting something new, channel this confidence into concrete steps rather than letting it stay as wishful thinking.

♆ Neptune ∟ Semi sextile ♄ natal Chiron · peak 1 Dec

These days you find yourself **more willing to accept your own limitations** without turning them into harsh self-judgment. When something doesn't go smoothly, you notice you're gentler with yourself instead of dwelling on what went wrong. This shift in attitude makes it easier to move forward and try again without the usual weight of disappointment.

♄ Saturn * Sextile ☉ natal Sun · peak 31 Dec

Right now you find it easier to stick with what you commit to, and people notice your reliability. You're not rushing to prove yourself or grab attention—you're simply doing the work, and that **steady focus** gains real respect. Over the coming weeks, this is a good time to tackle something practical that requires patience and follow-through.

♅ Pluto * Sextile ♄ natal Saturn · peak 1 Dec

You find it easier right now to **follow through on difficult commitments** without burning out or second-guessing yourself. The combination of *Pluto* and *Saturn* gives you practical resolve rather than harsh self-criticism, so you can push toward your goals without feeling punished for it. Over the coming weeks, you may notice you're getting real results from work you started months ago, and that feels genuinely good.

♅ Pluto ♁ Quincunx ♁ natal NNode · peak 1 Dec

You feel pulled between what you want to do and what actually works right now, which can make decision-making awkward and frustrating. **You second-guess yourself more than usual**, especially about choices that affect your future or reputation. These days, sitting with this discomfort instead of forcing a decision will serve you better than rushing to resolve it.

♄ Chiron ♁ Quincunx ♂ natal Mars · peak 1 Dec

Right now you're noticing that your usual way of pushing forward doesn't feel quite right, and small physical frustrations keep showing up where you'd normally feel confident. Your body might feel slightly off-beat with what your mind wants to do, making you **more aware of how you move and act** than usual. Over the coming weeks, this mismatch between intention and execution can actually help you spot habits that have been holding you back if you pay attention to what feels clunky.

♃ Mercury Rx · ♏ Scorpio

Communication about sensitive or private matters is particularly prone to misunderstanding during this period. Past secrets, investigations, or unresolved trust issues may resurface and demand honest attention. What you hesitate to say is often more important than what you actually say right now.

♂ Mars Rx · ♉ Taurus

Motivation runs slower and more stubborn than usual during this period. Physical energy is inconsistent and the desire to maintain existing routines outweighs any push toward change. Patience with your own pace matters more than forcing output that the body or circumstances are not ready for.

♄ Saturn Rx · ♌ Leo

Ambition and the structures supporting creative or public expression face an honest review during this period. Recognition that has been slow to arrive may be prompting important reassessment of your goals or methods. Internal validation serves you more right now than seeking external acknowledgment.

PROGRESSED MOON

- Progressed Moon in ♈ Aries 14.5° H7
- Progressed Moon ♄ Quincunx ♆ natal Neptune

LUNATIONS

- New Moon · Friday, 2 Dec

in ♐ Sagittarius

new beliefs, expansion, broader horizons

in H3 — Communication & Learning

Your mind is ready for new inputs and your communication style is shifting. This is an excellent time to **start a course, launch a project involving writing or speaking**, or open honest conversations with people in your immediate environment. Short trips, new learning experiences, and reconnecting with siblings or neighbors may carry unusual significance now. What you plant in conversation and learning at this point will take root in meaningful ways.

- Full Moon · Thursday, 15 Dec

in ♊ Gemini

information peak, scattered focus, mental overload

in H9 — Expansion & Beliefs

A belief, journey, or educational matter is reaching its culmination. Something you've been learning, travelling toward, or coming to believe is now **reaching a point of clarity or completion**. A trip may end or reach its destination. A long-held belief may be challenged or confirmed. This full moon illuminates your relationship with truth, freedom, and meaning — what expands you and what has been keeping you intellectually or spiritually confined.

KEY DATES

Thu, 1 Dec ♆ Neptune ☐ Square ♀ natal Venus

♅ Pluto * Sextile ♄ natal Saturn

Fri, 2 Dec New Moon in Sagittarius

Sun, 4 Dec ☿ Mercury stations Direct

Mercury stationing direct means **conversations and decisions that felt stuck** will start moving again, and you'll notice **clarity returning** to emails, plans, and talks that were confusing before. At work and in daily life, **miscommunications often resolve themselves** once this station passes, and people tend to follow through on things they'd postponed. Over the next few days, **information you've been waiting for** usually arrives, and you'll feel ready to **commit to choices** you'd been sitting on.

Tue, 6 Dec ♄ Chiron enters ♒ Aquarius

Chiron entering *Aquarius* brings a shift in how people **notice and fix what feels broken** in groups, teams, and systems that don't work right. At work and in friendships, you'll see more **direct conversation about differences** instead of pretending everything's fine, and people become **less patient with outdated rules** that don't make sense anymore. Over the next eight years, the pattern is that **healing happens through honesty and change** rather than through smoothing things over or keeping the peace.

Sat, 10 Dec ♂ Mars stations Direct

♃ Jupiter * Sextile ♅ natal Pluto

Mars stationing direct means **energy and drive return** after weeks of stalling, so projects you've been stuck on suddenly feel **pushable forward** again. The pattern is clearer now — you notice what actually works versus what was just spinning wheels, and **decisions become easier** because the confusion lifts. In practice, this is when people stop second-guessing themselves about what they want, start **acting on plans** they've been holding, and arguments that felt circular finally move toward resolution or a clean break.

Mon, 12 Dec ♆ Neptune ☐ Square ♀ natal Venus

Tue, 13 Dec ☿ Mercury enters ♐ Sagittarius

Mercury in *Sagittarius* brings **direct, blunt communication** — people say what they think without much filtering, which can clear the air or create awkward moments depending on who's listening. At work and in conversations, you'll notice **big-picture talk** taking over, with less patience for small details or nitpicking, so getting agreements in writing becomes more important. *Sagittarius* also pushes curiosity and debate, so **arguments stay friendly** longer than usual, even when people disagree strongly.

Thu, 15 Dec Full Moon in Gemini

Fri, 16 Dec ♀ Venus enters ♒ Aquarius

Venus in *Aquarius* makes people **less interested in traditional relationship rules** and more drawn to friends, group settings, or unconventional arrangements. In practice, you might notice yourself **valuing independence and honesty**

over romantic gestures, or finding that casual friendships suddenly feel more appealing than intense one-on-one bonds. At work and in daily life, this transit brings a **cooler, more detached approach** to money and socialising—you'll likely spend less on impulsive buys and prefer people who let you do your own thing.

Sun, 18 Dec ♁ NNode ✖ Sextile ☉ natal Sun

Mon, 19 Dec ♇ Pluto ☐ Square ☾ natal Moon

Thu, 22 Dec ☉ Sun enters ♄ Capricorn

The Sun moving into *Capricorn* shifts focus toward **getting results** and **building something real** — you'll notice people around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a **push for efficiency** over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect **less small talk** and more honest conversations about what actually matters — this is when people check in on whether things are moving forward or just stalling.

Sat, 24 Dec ♀ Venus stations Retrograde

Venus stationing retrograde often brings **delayed decisions** in relationships and money — you might feel unsure about commitments or put off purchases you normally wouldn't hesitate on. People commonly **reconnect with exes** during this period, or **revisit old financial choices** that didn't sit right the first time. *Venus* retrograde tends to slow down **new relationships and deals**, so timing matters more than usual — what feels stuck now often moves again once the planet shifts direct.
