## KEY TRANSIT FACTORS

## ♃ Mercury △ Trine ☾ natal Moon · peak 3 Feb ★

Right now you find it much easier to say what you actually feel without overthinking it. Your conversations with people close to you flow naturally because you can **express emotions clearly and listen without getting defensive**. This is a good window to have the conversations you've been putting off, since what you say lands well and creates real understanding.

## ♄ Chiron qx Quincunx ♇ natal Pluto · peak 8 Feb

You feel pulled between wanting to fix something about yourself and realizing you can't force the change right now. This mismatch shows up as **restlessness in situations where you normally feel in control**, whether at work or in close relationships. Over the coming weeks, the discomfort itself is actually useful—it's pointing you toward a part of your life that needs a different approach than you've been taking.

## ♄ Chiron \* Sextile ☉ natal Sun · peak 3 Feb

Right now you are more willing to **talk honestly about your mistakes and learn from them** without getting defensive or ashamed. This period gives you the practical ability to see where you have struggled and turn that into useful knowledge about yourself. Over the coming weeks, people around you will notice you handle feedback better and recover faster from setbacks.

## ♆ Neptune \* Sextile ☿ natal Mercury · peak 10 Feb

Your mind feels more **flexible and imaginative** right now, making it easier to see connections between ideas that normally seem separate. You might find yourself writing more fluently, explaining things in ways people actually understand, or picking up creative projects without the usual self-criticism. This is a good window to explore new subjects, work on communication that requires empathy, or simply let your thinking become a bit more intuitive than usual.

## ♃ Jupiter □ Square ☉ natal Sun · peak 10 Feb

Right now you are **overestimating what you can handle**, and this confidence is pulling you into commitments that drain your resources faster than you expected. *Jupiter* is amplifying your sense of possibility while *Sun* pushes you to prove yourself, making it hard to say no or admit limits. Over the coming weeks you will likely hit a wall—exhaustion, overspending, or failed promises—that forces you to recalibrate what actually matters to you.

## ♃ Jupiter ♂ Opposition ♇ natal Pluto · peak 11 Feb

You're running into situations where your confidence in yourself collides head-on with other people's resistance or control attempts. **You're more likely to push back against anyone who feels threatening**, which can escalate conflicts that might have stayed small. While this lasts, you'll notice that your usual way of managing power dynamics stops working, and you may feel forced to choose between backing down or fighting harder than you normally would.

#### ♃ Jupiter ∟ Semi sextile ♃ natal Jupiter · peak 22 Feb

Over the coming weeks, you'll notice a quiet **boost in your confidence about making decisions** that affect your future. Small opportunities or lucky breaks show up without you having to push hard for them, and you feel more willing to say yes to them. This is *Jupiter* giving your natural optimism a gentle lift, so take advantage of any openings that match what you actually want right now.

#### ♃ Jupiter △ Trine ♆ natal Neptune · peak 27 Feb

Over the coming weeks, you find it easier to **believe in your own ideas** without needing constant proof or reassurance. Your imagination feels more practical right now, and you can turn vague daydreams into actual plans that other people take seriously. This is a good time to pitch something creative or intuitive that you've been sitting on, because people around you are more receptive to what you're offering.

#### ♆ Neptune △ Trine ♃ natal NNode · peak 28 Feb

While this lasts, you find it easier to **trust your instincts about which direction to take** in life, especially in areas where you've felt uncertain before. People around you respond well to your openness, and conversations flow naturally without you having to push or convince anyone of anything. This period softens the usual friction between what you want and what feels right, so you can move forward without second-guessing yourself.

#### ♄ Saturn □ Square ♀ natal Venus · peak 1 Feb

Right now you feel **withdrawn and critical** about your relationships, noticing flaws that bother you more than usual. People may seem demanding or disappointing, and you're less interested in socializing or physical affection during this period. This temporary hardness comes from *Saturn* pressing on your *Venus*, making emotional closeness feel like work rather than pleasure.

#### ♆ Neptune ∟ Semi sextile ♄ natal Saturn · peak 28 Feb

Right now you find it easier to **soften rigid rules you've been following without questioning**, and this actually helps you get more done rather than less. Your practical judgment stays sharp while you become less harsh with yourself about small mistakes or delays. These next few weeks give you a real chance to loosen your grip on control and discover that things still work out fine.

#### ♄ Saturn ∟ Semi sextile ♄ natal Chiron · peak 1 Feb

While this lasts, you're able to **turn your old wounds into practical wisdom** without getting stuck in the emotional weight of them. You notice yourself giving better advice to people who are struggling because you can draw on your own difficult experiences without reliving the pain. This period helps you build something solid and useful from what you've learned the hard way.

#### ♃ NNode □ Square ♂ natal Mars · peak 1 Feb

Right now you're running into **obstacles when you try to take direct action**, especially on goals that matter to you personally. People around you seem to resist or block what you're pushing for, which makes you frustrated and impatient. Over the coming weeks, you'll need to slow down and reconsider your approach instead of just charging ahead like you normally do.

#### ♅ Uranus ∟ Semi sextile ♃ natal Jupiter · peak 28 Feb

These days you're picking up on new possibilities that others around you haven't noticed yet, and your **natural optimism makes you willing to try them**. A small opportunity in work or learning might appear suddenly, and you'll have the confidence to act on it without overthinking the risks. Over the coming weeks, this forward momentum helps you feel less stuck in old routines and more curious about what comes next.

#### ♇ Pluto ♁ Quincunx ♂ natal Mars · peak 28 Feb

Your usual way of handling conflict or pushing toward goals feels slightly off these days, as if your normal tactics are meeting unexpected resistance. You might notice yourself **second-guessing your approach** to situations where you'd normally act with confidence, or finding that direct methods don't produce the results you expect. Over the coming weeks, the practical adjustment you need is to slow down and observe what actually works rather than forcing your preferred solution.

#### ♿ Mercury Rx · ♄ Capricorn

Professional communications and career-related decisions are prone to misalignment right now. Contracts, applications, or plans that seemed finalized may need revisiting before they are acted on. The careful checking you do now prevents public errors later.

#### KEY DATES

---

**Tue, 1 Feb** New Moon in Aquarius

♄ Saturn □ Square ♀ natal Venus

♁ NNode □ Square ♂ natal Mars

**Thu, 3 Feb** ♄ Chiron \* Sextile ☉ natal Sun

**Fri, 4 Feb** ♃ Mercury stations Direct

*Mercury* stationing direct means **conversations and decisions that felt stuck** will start moving again, and you'll notice **clarity returning** to emails, plans, and talks that were confusing before. At work and in daily life, **miscommunications often resolve themselves** once this station passes, and people tend to follow through on things they'd postponed. Over the next few days, **information you've been waiting for** usually arrives, and you'll feel ready to **commit to choices** you'd been sitting on.

**Thu, 10 Feb** ♆ Neptune \* Sextile ♃ natal Mercury

♃ Jupiter □ Square ☉ natal Sun

**Fri, 11 Feb** ♃ Jupiter ♂ Opposition ♇ natal Pluto

**Mon, 14 Feb** ♄ Chiron \* Sextile ☉ natal Sun

**Tue, 15 Feb** ♃ Mercury enters ♒ Aquarius

*Mercury* in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

**Wed, 16 Feb** Full Moon in Leo

**Sat, 19 Feb** ☉ Sun enters ♋ Pisces

*The Sun* moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.
