KEY TRANSIT FACTORS

☿ Mercury ☌ Conjunction ♆ natal Neptune ★

Right now your thinking feels **less precise and more imaginative** than usual, which can help you see possibilities others miss but also makes it harder to focus on details. You might notice your mind wandering in conversations or find yourself changing your mind about things you felt certain about last week. These days *Mercury* and *Neptune* are working together, so use this period for brainstorming and creative writing rather than for tasks that need careful accuracy or planning.

☉ Sun ☌ Semi sextile ♀ Venus ★

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☿ Mercury △ Trine ♊ natal NNode

These days you find it easier to **say what you actually mean** without second-guessing yourself. Your conversations flow naturally toward the topics and people that matter most to you, and others respond well to your straightforward approach. Over the coming weeks, this clarity with words opens doors socially and professionally that usually feel harder to walk through.

♃ Jupiter ☌ Opposition ♀ natal Mercury

Over the coming weeks, you are likely to **overstate your case and talk past people** instead of actually listening to what they think. Your confidence in your own opinions grows while your ability to hear other viewpoints shrinks, making conversations feel frustrating on both sides. This is a practical problem right now: you may make decisions based on incomplete information or damage working relationships by dismissing input you actually needed.

☿ Mercury □ Square ♅ natal Uranus

Right now your thinking is scattered and you jump between ideas without finishing them, which makes it hard to explain what you actually want to others. You feel **restless and impatient** with normal conversation, often blurting out opinions you later regret or missing what someone else is trying to tell you. Over the coming weeks, this mental friction could damage plans or relationships if you don't write things down before you speak or act on them.

♂ Mars △ Trine ♄ natal Saturn

Right now you're finding it easier to **follow through on difficult tasks without cutting corners**, because your impatience has natural brakes built in. You have the stamina to do slow, steady work that actually matters, and you don't feel frustrated by the time it takes. Over the coming weeks, people notice you as someone who delivers reliable results instead of making excuses.

♀ Venus Rx · ♌ Leo

The need for admiration and recognition in relationships surfaces more strongly right now, sometimes in ways that surprise you. Past romantic connections or unresolved questions about self-worth may return during this period. Examining what you genuinely offer in relationships is more useful than seeking external validation.

♃ Jupiter Rx · ♈ Aries

Expansion and confidence retreat inward during this period, and bold initiatives launched recently may feel overextended. The impulse to charge forward is replaced by a quieter, more honest review of where your genuine optimism is warranted. Reassessment serves you better than new beginnings right now.

☉ Sun Δ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

☉ Sun ∟ Semi sextile ♿ Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.
