KEY TRANSIT FACTORS

♆ Neptune ∠ Semi sextile ♀ natal Venus

Right now you're feeling more **generous and open-hearted** in your relationships without much effort. People around you respond well to this softness, and you find it easier to listen and connect without agenda. Over the coming weeks, this gentleness helps you strengthen bonds that matter most, as you naturally give more attention to what you actually care about.

♀ Venus q̄x Quincunx ♃ natal Jupiter

Over the coming weeks, you may find yourself **wanting more from your relationships and social life than feels comfortable to ask for**. You notice a mismatch between what you hope for and what you're actually willing to pursue, leaving you feeling a bit stuck in conversations or plans. This awkward feeling typically passes once you decide what you actually want instead of waiting for the perfect moment.

☾ Moon ∠ Semi sextile ☾ natal Moon

Your **emotional reactions feel more measured** right now, and you notice yourself handling small frustrations without letting them pile up. People around you respond better because you're not carrying yesterday's mood into today's conversation. Over the coming weeks, this steadier emotional baseline makes it easier to notice what you actually need instead of just reacting to what's in front of you.

♀ Venus Δ Trine ♁ natal NNode

Right now you find it easier to **connect with people who feel aligned with what you actually want**, rather than slipping into old patterns of pleasing everyone. Your social interactions feel less effortful because you are naturally drawn toward relationships and situations that match where you are heading. Over the coming weeks, you may notice you're making choices that feel genuinely yours instead of choices you think you should make.

♇ Pluto ∠ Semi sextile ♀ natal Venus

You're noticing that small improvements in your relationships feel easier to make right now, without needing to force big conversations or dramatic changes. **You're more willing to let go of minor irritations** with people you care about, which often surprises them with how much lighter things become. Over the coming weeks, this shift in how you handle connection can quietly strengthen your bonds in practical ways.

☿ Mercury Rx · ♎ Libra

Relationship negotiations, contracts, and pending decisions become tangled right now. You may revisit agreements or feel pressure to reconsider commitments you thought were settled. Avoid finalizing important partnerships or legal matters until Mercury stations direct — clarifying existing arrangements is more productive.

› Moon ☐ Square ♃ Mercury

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.

› Moon ∟ Semi sextile ♃ Jupiter

These days you feel a bit more generous with yourself and others, which makes social situations feel easier and less forced. You're noticing small good things around you more readily, and this **gentle optimism** makes it simpler to ask for help or offer support without overthinking it. The *Moon* and *Jupiter* connection right now creates a quiet permission to be a little kinder to yourself about your limitations.

› Moon △ Trine ♅ Uranus

These days you feel more willing to try things differently and less stuck by what you usually do. Your emotional reactions are quicker and more **open to change**, so you notice new possibilities instead of going along with the same routines. This makes it easier to break habits or suggest a different approach without it feeling scary or forced.

LUNAR DAY

Moon in ♋ Cancer · Day 23 / 30 · Last Quarter

Sensitivity to tone and atmosphere runs higher than usual over the next 48 hours, making small remarks feel more significant than intended. **The draw toward home, familiar food, and trusted people** dominates most decisions.
