KEY TRANSIT FACTORS

☿ Mercury △ Trine ☾ natal Moon

Right now you find it much easier to say what you actually feel without overthinking it. Your conversations with people close to you flow naturally because you can **express emotions clearly and listen without getting defensive**. This is a good window to have the conversations you've been putting off, since what you say lands well and creates real understanding.

♆ Neptune ∠ Semi sextile ♀ natal Venus

Right now you're feeling more **generous and open-hearted** in your relationships without much effort. People around you respond well to this softness, and you find it easier to listen and connect without agenda. Over the coming weeks, this gentleness helps you strengthen bonds that matter most, as you naturally give more attention to what you actually care about.

♀ Venus ♂ Conjunction ♁ natal Neptune

You may find yourself **drawn to people who seem more interesting or attractive than they actually are**, and it takes real effort to see them clearly right now. Your taste in music, art, or aesthetics becomes softer and more sentimental while this lasts, which can feel pleasant but also make you less critical. Over the coming weeks, check in with yourself about whether your feelings match reality or if you are filling in blanks with what you hope to find.

♇ Pluto ∠ Semi sextile ♀ natal Venus

You're noticing that small improvements in your relationships feel easier to make right now, without needing to force big conversations or dramatic changes. **You're more willing to let go of minor irritations** with people you care about, which often surprises them with how much lighter things become. Over the coming weeks, this shift in how you handle connection can quietly strengthen your bonds in practical ways.

☉ Sun □ Square ♂ natal Mars

Right now you're running into more friction than usual when you try to take action. People push back harder against your ideas, and you feel like you have to fight for things that normally come easily, which makes you **impatient and quick to argue**. These clashes aren't random — they're showing you where your confidence has gotten ahead of what you've actually prepared or thought through.

☿ Mercury Rx · ♎ Libra

Relationship negotiations, contracts, and pending decisions become tangled right now. You may revisit agreements or feel pressure to reconsider commitments you thought were settled. Avoid finalizing important partnerships or legal matters until Mercury stations direct — clarifying existing arrangements is more productive.

☾ Moon □ Square ♀ Venus

Right now your **emotional needs feel at odds with what you actually want** — you might crave closeness but feel irritable when someone gets near, or want to be alone but then feel rejected. This mismatch between *Moon* and *Venus* makes it harder to communicate what you need without sounding demanding or cold. Over the coming weeks, pay attention to these moments so you can spot the pattern and name it out loud before resentment builds up.

› Moon ☐ Square ♂ Mars

These days you're more likely to act on frustration before you think it through, and small annoyances can feel urgent and demanding. **Your emotional reactions move faster than your good judgment**, so conversations with others can turn sharp or heated quickly. This period pushes you to notice the gap between what you feel and what actually needs to happen right now.

› Moon ∟ Semi sextile ♄ Saturn

These days you find it easier to **talk about practical problems without getting swept up in feelings**. The Moon and Saturn aspect makes emotional conversations feel steadier, so you can say what needs saying without drama. This is a good time to have difficult talks about real things because your head and your heart are working together instead of against each other.

LUNAR DAY

Moon in ♋ Cancer · Day 24 / 30 · Last Quarter

Sensitivity to tone and atmosphere runs higher than usual over the next 48 hours, making small remarks feel more significant than intended. **The draw toward home, familiar food, and trusted people** dominates most decisions.
