KEY TRANSIT FACTORS

☾ Moon ☿ Quincunx ♁ natal Chiron ★

Your emotional reactions these days are pointing to old wounds you've tried to manage, and they're harder to ignore right now. You might find yourself oversensitive in situations where you normally stay composed, or **getting defensive when someone touches on a sore subject**. This period is asking you to notice what actually bothers you instead of pushing through it like you usually do.

☿ Mercury ☍ Opposition ♃ natal Mercury

Over the coming weeks, your thinking becomes scattered and your words often miss the mark with other people. You find yourself arguing over small details, misunderstanding what others mean, and struggling to explain what you actually want. This **mental friction** pushes you to slow down and check your assumptions before you speak, even though it feels frustrating right now.

♀ Venus ∟ Semi sextile ♃ natal Jupiter

While this lasts, you find it easier to say yes to small social invitations and feel genuinely interested in other people's stories. Your **natural warmth shows up more** in conversations, and you notice people respond better to you without you trying harder. This is a good time to strengthen friendships or spend money on experiences that bring you closer to the people you care about.

♅ Uranus ☌ Conjunction ♀ natal Venus

You are feeling **restless in your relationships and attractions right now**, wanting something different from what you've had before. Your taste in people or partners may shift suddenly, or you might find yourself drawn to people who are unpredictable or unconventional. This period pushes you to question what you actually want instead of staying comfortable with familiar patterns.

♀ Venus ☍ Opposition ♆ natal Neptune

While this lasts, you're drawn to people and situations that seem perfect but don't match reality, leaving you disappointed and confused about what went wrong. Your judgment about who to trust or how much to invest emotionally becomes cloudy, so you make choices you later regret. Over the coming weeks, the practical solution is to slow down before committing to anything — wait until this period ends to make real decisions about relationships or money.

♀ Venus Rx · ♈ Aries

Relationships feel competitive or impatient right now, and old romantic patterns tend to resurface. Impulsive decisions about love, money, or self-presentation made during this period often need correction afterward. What feels like a fresh start now is more likely a return to something unresolved.

♄ Saturn Rx · ♌ Leo

Ambition and the structures supporting creative or public expression face an honest review during this period. Recognition that has been slow to arrive may be prompting important reassessment of your goals or methods. Internal validation serves you more right now than seeking external acknowledgment.

☉ Sun △ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

☉ Sun ∟ Semi sextile ♂ Mars

These days you feel **motivated to take small steps forward** without forcing things or burning out. Your practical energy matches what you actually want to do right now, so starting a project or having a difficult conversation feels less exhausting than usual. This is a good window to build momentum on something you care about while the effort still feels natural.

☉ Sun △ Trine ♄ Saturn

These days you find it easier to follow through on what you say you will do, and people notice your **reliability**. Work feels less overwhelming because you can break tasks into realistic steps instead of getting stuck in your own way. The practical support is there if you use it — the *Sun* trine *Saturn* makes real effort pay off in real results.

LUNAR DAY

Moon in ♌ Leo · Day 10 / 30 · First Quarter

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
