## KEY TRANSIT FACTORS

### ♀ Venus ☾ Semi sextile ☉ natal Sun ★

These days you feel **more comfortable being yourself around others**, and people respond well to that ease. You're not trying as hard to impress anyone, which actually makes your conversations flow better and your relationships feel less strained. This small shift in *Venus* supporting your *Sun* won't solve everything, but it gives you a genuine advantage in how you present yourself while it lasts.

### ☾ Moon ☿ Opposition ♄ natal Saturn

These days you feel **emotionally withdrawn and reluctant to ask for support**, even when you genuinely need it. Your mood is heavier than usual, and you tend to blame yourself for problems that aren't really your fault. Over the coming weeks, this pattern makes relationships feel harder because people can't tell what you actually need from them.

### ♃ Jupiter ☿ Quincunx ☾ natal Moon

Over the coming weeks you may feel pulled between wanting more comfort and feeling restless with your current situation. Your emotional needs don't quite match what's actually available to you right now, so you keep adjusting your expectations without getting settled. This **mild discomfort with routine** often pushes you to make small changes in how you manage your home or relationships, even if you're not entirely sure what you want.

### ♊ NNode ☿ Conjunction ☾ natal Moon

These days you are drawn to people and situations that feel more emotionally familiar or aligned with who you want to become. You may find yourself **seeking out relationships or groups** that reflect your values more closely, or noticing which connections actually support you. This pull toward authenticity in your social life is likely to last several weeks as the *North Node* activates your *Moon*.

### ☉ Sun ★ Sextile ♀ natal Mercury

Your thinking feels clearer right now, and you find it easier to explain what you actually mean to people around you. Conversations flow naturally without the usual awkwardness, so this is a good time to tackle practical discussions or present ideas at work. This **mental clarity and confidence** won't last forever, so use these weeks to sort through decisions you have been putting off.

### ♀ Mercury Rx • ♍ Virgo

Your attention sharpens on errors and inefficiencies right now, sometimes to the point of paralysis. Details that were overlooked resurface, and work or health plans made earlier may need correction. This period rewards meticulous review but punishes perfectionism that prevents completion.

### ♃ Jupiter Rx • ♑ Capricorn

Ambitions and long-term structures built on optimistic assumptions are being tested right now. Career growth or institutional commitments that seemed on track may require more realistic adjustment than you had planned. Reviewing what is genuinely working in your long-term strategy before continuing to build is the most productive use of this period.

### ☾ Moon ☿ Quincunx ♀ Mercury

At the moment your *Moon* and *Mercury* are at odds, which makes it hard to say what you actually feel without overthinking it first. You might notice yourself **second-guessing your own reactions** or explaining your emotions in ways that don't quite fit the actual situation. This awkward angle between emotion and thinking tends to create mild frustration until you accept that some feelings just don't translate neatly into words.

### ♃ Mercury ☿ Conjunction ♀ Venus

These days you find it easier to say what you actually mean without sounding harsh or defensive. Your **words feel more natural and people listen differently** when you speak, which makes conversations flow instead of turning into arguments. This period is good for talking through disagreements, asking for what you want, or telling someone you care about them.

### ♃ Mercury \* Sextile ♄ Saturn

Right now your thinking is **practical and direct**, making it easier to solve problems without getting distracted by side issues. You can say what you mean in a way that other people actually listen to, and you're more likely to follow through on commitments instead of leaving things half done. This is a good time to handle detailed work, make plans that actually work, or have conversations where you need to be clear and honest.
