## KEY TRANSIT FACTORS

### ☾ Moon ☿ Quincunx ♁ natal Chiron ★

Your emotional reactions these days are pointing to old wounds you've tried to manage, and they're harder to ignore right now. You might find yourself oversensitive in situations where you normally stay composed, or **getting defensive when someone touches on a sore subject**. This period is asking you to notice what actually bothers you instead of pushing through it like you usually do.

### ♃ Jupiter ☐ Square ♃ natal Mercury

Your mind is working faster than your mouth right now, and people find you hard to follow. You jump between ideas, interrupt conversations, and make promises you cannot keep because you are overestimating what you can handle. The gap between what you think you can do and what is actually realistic will create real problems at work or in your relationships over the coming weeks.

### ☉ Sun ☍ Opposition ♅ natal Uranus

Right now you're finding it hard to stick to plans or routines because you keep feeling the urge to break free or rebel against your own commitments. Your **restlessness makes you impatient** with structures you normally accept, and you may act on impulse in ways that disrupt your work or relationships. Over the coming weeks, you'll need to notice this impulse before you act on it, because most of what feels urgent to change is actually just temporary frustration with your own consistency.

### ☉ Sun ∟ Semi sextile ♁ natal NNode

You find yourself **naturally drawn toward people and situations that feel meaningful** without having to force it or overthink things. Small conversations lead somewhere real, and you say the right thing at the right moment without planning it out first. This light support from *the Sun* to your *North Node* makes the path forward feel a little easier than usual while it lasts.

### ♃ Jupiter ☿ Quincunx ♇ natal Pluto

Over the coming weeks, you may feel **restless with situations you thought were settled**, wanting to change things that previously felt stable or important to you. Your confidence in what you control grows, but it doesn't match up neatly with what's actually possible right now, leaving you frustrated. These misalignments between what you want to reorganize and what the real world allows are the main friction you'll notice while *Jupiter* stays at odds with your *Pluto*.

### ☉ Sun ∟ Semi sextile ♅ Uranus

These days you find it easier to **try something different without overthinking it**. Small changes feel natural right now, whether that's taking a new route to work or suggesting a fresh idea in a conversation. This mild alignment between *the Sun* and *Uranus* gives you just enough confidence to break routine without feeling reckless.

### › Moon ☾ Quincunx ♀ Venus

Right now your emotional needs and what you want socially are slightly out of sync, so you might feel pulled in two directions. You could notice yourself wanting comfort and closeness at times when you'd rather stay independent, or the opposite. This **mismatch between feeling and wanting** is temporary, and noticing it is the first step to working with it instead of against it.

### › Moon ☾ Quincunx ♂ Mars

These days you might feel **restless without knowing why**, like your emotions want something your body isn't ready to deliver. Small tasks feel either pointless or urgent depending on your mood, and you could snap at someone over something that wouldn't normally bother you. The mismatch between what you feel like doing and what actually needs doing right now creates a practical friction that's hard to sit with.
