KEY TRANSIT FACTORS

♄ Saturn \angle Semi sextile $\♂$ natal Mars

Right now you're noticing that your efforts produce real results without requiring you to push as hard as usual. **You're working more efficiently**, and tasks that normally frustrate you feel manageable because you're approaching them with more patience than typical. Over the coming weeks, this steady support from *Saturn* to your *Mars* makes it easier to follow through on commitments without burning out.

♃ Jupiter \angle Semi sextile $\♂$ natal Mars

Over the coming weeks, you'll notice yourself **taking action on plans you've been sitting on** without the usual self-doubt. You feel more confident when you push forward on practical tasks, and small wins come easier than usual. This is a good time to start that project or have conversations you've been putting off, because your natural momentum is working in your favour right now.

♀ Venus * Sextile ♃ natal Jupiter

Right now you find it easier to say yes to social invitations and to be generous with your time and money without feeling like you're overdoing it. People respond well to you these days because you're **more relaxed and approachable**, which opens doors in both your personal relationships and practical opportunities. This period is ideal for asking for what you want or pursuing something you've been putting off, since your confidence and optimism are naturally higher.

♂ Mars qx Quincunx ♆ natal Neptune

Over the coming weeks, you'll notice your practical plans running up against situations where the details don't quite fit your expectations. You're more likely to act on incomplete information right now, which means you'll need to stop partway through and adjust course. The mismatch between what you want to do and what's actually possible will frustrate you until you accept that some guesswork is part of the process.

☾ Moon $\♂$ Conjunction ♁ natal NNode

These days you feel more drawn to people and situations that feel familiar or emotionally safe, even if they are not new. You are likely **seeking connection with others who understand your values without needing to explain yourself**. This pull toward comfort and belonging will fade in a week or two, but right now it is worth noticing who or what actually makes you feel at home.

☉ Sun \angle Semi sextile ♆ Neptune

These days you find it easier to **imagine things before you build them**, whether that's a project at work or how you want your living space to feel. The subtle connection between *Sun* and *Neptune* softens your usual need to rush into action, giving your practical plans a touch of creativity. This is a good time to sketch out ideas, talk through your vision with others, or sit with half-formed thoughts without needing immediate answers.

☉ Sun ☐ Square ♇ Pluto

Right now you feel **pushed to prove yourself** in ways that feel uncomfortable or unnecessary. Everyone around you seems more irritable, defensive, or bent on getting their way without compromise. This period brings out the part of you that resists being told what to do, and small conflicts can quickly turn into power struggles.

☉ Sun △ Trine ♄ Chiron

Right now you find it easier to **talk about what actually happened to you** without getting defensive or ashamed. Your practical ability to understand your own patterns improves, and you can explain your mistakes to others without needing to apologize repeatedly. This makes conversations feel clearer and less emotionally exhausting than usual.

LUNAR DAY

Moon in ♒ Aquarius · Day 2 / 30 · New Moon

Emotional detachment increases these days, making abstract discussions and group concerns feel more engaging than personal ones. People respond better to logic than to feeling right now, and the need for independence runs noticeably higher.
