## KEY TRANSIT FACTORS

### ♄ Saturn qx Quincunx ♃ natal Jupiter ★

Over the coming weeks, you feel caught between wanting to expand your plans and a nagging sense that something needs tightening up. You find yourself **second-guessing decisions you would normally make quickly**, asking practical questions about timelines and resources that didn't occur to you before. This mismatch between your optimism and your caution isn't comfortable, but it often leads to better-prepared choices once you sit with the discomfort.

### ♀ Venus □ Square ♄ natal Saturn

You feel **emotionally withdrawn and critical about your relationships** while this lasts, noticing flaws in people you normally accept. *Venus* square *Saturn* makes you doubt whether you deserve affection or whether others really care, so you pull back first to protect yourself. Over the coming weeks, this psychological distance can damage connections if you mistake your own fear for genuine incompatibility.

### ♊ NNode ♂ Opposition ☉ natal Sun

Right now you're running into people and situations that challenge who you think you are. You feel **pulled in two directions** — between what feels familiar and comfortable about yourself versus what others expect from you or what new circumstances demand. This friction can make you feel defensive or uncertain, but it's forcing you to figure out which parts of your identity are actually yours and which ones you've just been carrying around.

### ♆ Neptune ♂ Conjunction ♁ natal Chiron

Right now you are more aware of where you feel inadequate or broken, and you may find yourself wanting to help others with similar pain instead of focusing on your own healing. This shift toward **helping others deflect from yourself** can feel noble but often leaves your own needs unmet. Over the coming weeks, watch whether you are actually listening to what you need or just getting lost in someone else's problems.

### ☿ Mercury qx Quincunx ☉ natal Sun

Over the coming weeks, you'll notice your usual way of explaining yourself doesn't quite land the way it normally does. You may find yourself **rewording things multiple times** or feeling like people are missing your point even when you think you're being clear. This awkward fit between what you're trying to say and how others receive it will likely frustrate you until the transit passes.

### ☿ Mercury Rx · ♋ Pisces

Thinking becomes impressionistic rather than precise during this period, making concrete decisions harder than usual. Miscommunications arise from vagueness — what you think you said and what others heard often differ. Creative and intuitive work benefits from this diffuse quality; contracts and deadlines do not.

### ☉ Sun \* Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

### ☉ Sun ∟ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

### ☾ Moon \* Sextile ♀ Venus

Right now you find it easier to **express what you actually feel** without worrying what others will think. People around you respond well because you seem more genuine and relaxed than usual. This is a good period to have honest conversations or do something kind for someone close to you.

## LUNAR DAY

---

Moon in ♏ Scorpio · Day 22 / 30 · Waning Gibbous

**Psychological intensity rises** for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.
