KEY DATE

☿ Mercury stations Retrograde

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

KEY TRANSIT FACTORS

♅ Uranus ☐ Square ♆ natal Neptune ★

Right now you're caught between wanting to break free from something and feeling unsure what you actually want instead, which makes your decisions feel scattered and impulsive. You may **act on sudden urges to change your routines or relationships without thinking through the practical consequences**, then feel confused or regretful days later. Over the coming weeks, the best move is to slow down before making big changes and write down what you're really trying to escape from, because the clarity you need isn't here yet.

☾ Moon ☐ Square ☾ natal Moon

Right now your **moods are harder to predict and manage**, making it difficult to know what you'll feel from one hour to the next. People close to you may seem off or demanding in ways that irritate you more than usual, and you might find yourself defensive instead of open. Over the coming weeks, this restless feeling will push you to notice what you actually need emotionally, even if the process feels uncomfortable.

♁ Chiron △ Trine ♁ natal Chiron

Right now you find it easier to talk about your past difficulties without getting stuck in them or needing to defend yourself. You notice you can listen to other people's struggles with real patience instead of jumping to fix things or turning the conversation back to yourself. This **steadier, more grounded way of helping** feels natural, and people respond by opening up more genuinely around you.

☉ Sun ☍ Opposition ♇ natal Pluto

Right now you're running into **people and situations that won't bend to your will**, and it's bringing up real frustration. You may find yourself pushing harder to get control over something, only to hit resistance that makes you feel powerless. These days, this friction is actually showing you where you've been relying too much on force instead of listening to what's actually happening around you.

♃ Jupiter ∟ Semi sextile ☉ natal Sun

You feel a quiet boost to your confidence right now, making it easier to speak up in situations where you'd normally hold back. People respond well to you at the moment because you come across as genuinely interested and **naturally encouraging**, which opens social and professional doors. This support from *Jupiter* touching your *Sun* lasts a few weeks and works best when you actually say yes to invitations and new opportunities instead of waiting for the perfect moment.

♿ Mercury Rx · ♋ Pisces

Thinking becomes impressionistic rather than precise during this period, making concrete decisions harder than usual. Miscommunications arise from vagueness — what you think you said and what others heard often differ. Creative and intuitive work benefits from this diffuse quality; contracts and deadlines do not.

☉ Sun ∟ Semi sextile ♅ Uranus

These days you find it easier to **try something different without overthinking it**. Small changes feel natural right now, whether that's taking a new route to work or suggesting a fresh idea in a conversation. This mild alignment between *the Sun* and *Uranus* gives you just enough confidence to break routine without feeling reckless.

☉ Sun ∟ Semi sextile ♆ Neptune

These days you find it easier to **imagine things before you build them**, whether that's a project at work or how you want your living space to feel. The subtle connection between *Sun* and *Neptune* softens your usual need to rush into action, giving your practical plans a touch of creativity. This is a good time to sketch out ideas, talk through your vision with others, or sit with half-formed thoughts without needing immediate answers.

☾ Moon ♂ Conjunction ♿ Mercury

These days your thoughts and feelings are moving in the same direction, which makes it easier to talk about what you actually feel instead of hiding it. You find yourself wanting to tell people what's on your mind, and the words come out more naturally than usual. This is a good time to have practical conversations about emotional topics, since you're not overthinking or getting stuck in your head.

LUNAR DAY

Moon in ♋ Pisces · Day 1 / 30 · New Moon

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
