KEY TRANSIT FACTORS

☾ Moon ∟ Semi sextile ♆ natal Neptune

Over the coming weeks, you find it easier to **listen to what others really mean** rather than just their words, picking up on hints and feelings they do not say out loud. Your intuition about people's situations becomes surprisingly accurate during this period, and you naturally offer comfort that lands exactly where it is needed. This gentle support from the *Moon* and *Neptune* helps those around you feel understood without you having to try hard.

♇ Pluto ∟ Semi sextile ♁ natal Chiron

Over the coming weeks, you notice you can **talk about past hurts without getting stuck in them**. People seem to listen differently when you speak, and you find yourself explaining your experiences in ways that actually help others understand you. This shift makes conversations feel lighter and more honest than usual.

♁ Chiron ∟ Semi sextile ♄ natal Saturn

Over the coming weeks, you find it easier to **accept your own limitations without harsh judgment** — what you could not do before feels less like failure and more like simple fact. This practical shift means you stop wasting energy fighting against real constraints and start working within them more skillfully. Your relationships benefit because you become less defensive about your weaknesses and more honest about what you actually need from others.

♄ Saturn ☉ Opposition ☉ natal Sun

Right now you feel **worn down by demands** on your time and energy, and others seem to expect more from you than feels realistic. You notice yourself saying no more often, or feeling resentful when you do say yes, because your reserves are genuinely low. These weeks will test whether you can be honest about your limits instead of pushing through until you break.

♂ Mars △ Trine ♃ natal Mercury

Your mind feels sharper these days, and you can express what you think without second-guessing yourself. You find it easier to **organize your thoughts into action**, whether that's talking through a problem or getting a project moving forward. This practical clarity lasts a few weeks, so it's a good time to handle conversations you've been putting off or tackle work that needs both thinking and doing.

♀ Venus Rx · ♑ Capricorn

Commitments made out of practicality rather than genuine connection are being quietly examined right now. Relationships with authority figures, professional partnerships, or long-term romantic arrangements may feel more burdensome than rewarding. This is a useful period for honest assessment — not for ending things prematurely.

☉ Sun ☿ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun ☌ Semi sextile ♂ Mars

These days you feel **motivated to take small steps forward** without forcing things or burning out. Your practical energy matches what you actually want to do right now, so starting a project or having a difficult conversation feels less exhausting than usual. This is a good window to build momentum on something you care about while the effort still feels natural.

☉ Sun ☌ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

LUNAR DAY

Moon in ♍ Virgo · Day 20 / 30 · Waning Gibbous

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.
