KEY DATE

♅ Uranus stations Direct

Uranus turning direct after months backward means **stuck situations finally shift** — delays in tech, contracts, or unusual projects resume their forward motion. What felt **blocked or confusing** about your routines, friendships, or work systems becomes **clearer to act on** now that the planet moves the way it normally does. Most people notice they can **make real changes** instead of just thinking about them, whether that's switching jobs, updating systems, or ending relationships that went nowhere during the retrograde.

KEY TRANSIT FACTORS

♇ Pluto * Sextile ☿ natal Mercury *

Your thinking becomes **sharper and more penetrating** while *Pluto* supports your *Mercury* right now. You naturally spot patterns others miss and can ask the questions that get to the real issue in conversations or problems. This clarity lasts for weeks and helps you communicate about difficult topics with unusual directness and honesty.

☾ Moon ∟ Semi sextile ☿ natal Mercury

These days you find it easier to **put your feelings into words** without overthinking or second-guessing yourself. Your conversations with others feel more natural and relaxed because your emotional state and your thinking are working together smoothly. Over the coming weeks, this makes it simpler to explain what you actually need or how you really feel, and people tend to listen better when you're this straightforward.

♆ Neptune △ Trine ♄ natal Saturn

Right now you find it easier to stick with practical plans without getting frustrated by delays or setbacks. **You stay calm under pressure** and actually follow through on responsibilities that usually feel like a burden. This period gives you a real chance to build something solid, whether that's finishing a project, organizing your life, or keeping commitments you normally struggle to maintain.

☾ Moon □ Square ♇ natal Pluto

You feel emotionally raw right now, and small frustrations hit harder than they normally do. Your impulse to control situations around you gets stronger, even though pushing usually makes things worse. These days you are likely to pick fights or withdraw completely, so watch for both patterns and try to sit with discomfort instead of acting on it.

♂ Mars □ Square ♊ natal NNode

Right now you're running into **friction between what you want to do and what actually serves you**. You feel driven to push forward on things, but people keep pushing back or circumstances keep blocking you, which makes you impatient and irritable. Over the coming weeks, the lesson is that not every impulse deserves action—some conflicts are telling you to slow down and check your direction.

☉ Sun ☿ Conjunction ☾ Moon

These days you feel more **aligned between what you want and what you feel**. Your emotional needs and your sense of direction match up, so you act with fewer doubts and less second-guessing yourself. This is a practical advantage when you need to make a choice or move forward on something that matters to you.

☉ Sun ☿ Conjunction ♃ Jupiter

Right now you feel more confident about your abilities and less worried about what could go wrong. You are **more willing to take on bigger challenges** and speak up in situations where you normally stay quiet. This period tends to bring real opportunities your way because you are actually showing up differently, not because of luck.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.
