KEY TRANSIT FACTORS

♄ Saturn * Sextile ♂ natal Mars

Right now you find it easier to **follow through on what you start**, because your usual impatience is balanced by a real willingness to do things properly. Your practical side gets stronger while *Saturn* supports your *Mars*, so you can push hard without burning out or making careless mistakes. Over the coming weeks you'll likely notice you accomplish more because you're working smarter instead of just harder.

♁ Chiron * Sextile ♁ natal Chiron

Over the coming weeks, you find it easier to talk about your own past difficulties without getting stuck in them. You notice you can listen to others' problems and actually help instead of just feeling overwhelmed by what they are going through. This is a good time to **share what you have learned from your own hard experiences** in ways that feel natural and useful.

♂ Mars * Sextile ♁ natal Chiron

Over the coming weeks, you find it easier to **talk directly about past hurts without getting defensive**. You have more patience for difficult conversations and can explain what went wrong without blaming yourself or others. This is a good time to address old wounds with people you care about because your words land differently right now.

♇ Pluto ♂ Conjunction ♁ natal Chiron

You are becoming aware of old hurts or weak points in yourself that you have carried for years without noticing them much. **You feel motivated to examine these painful patterns closely** rather than ignore them as you normally do. This psychological pressure can be uncomfortable right now, but it is showing you exactly where you need to do real work on yourself over the coming weeks.

♀ Venus qx Quincunx ♂ natal Mars

Over the coming weeks, you may notice that what normally appeals to you doesn't quite fit your current drive, leaving you feeling **slightly out of sync with your own desires**. Your attractions and what you actually want to do pull in different directions, making it hard to settle on what matters most. This awkward gap typically passes as the transit moves on, but while it lasts you might need to slow down and check in with yourself about what you actually value right now.

☉ Sun qx Quincunx ☾ Moon

At the moment, your **emotional needs and practical goals are pulling in different directions**, and this creates a low-level discomfort that's hard to name. You might feel restless or slightly out of sync—your body wants one thing while your mind is focused on something else entirely. This isn't a crisis, but it does mean you'll need to make small adjustments throughout the day to feel more settled.

☉ Sun * Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

☉ Sun □ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. Sun square Jupiter pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

LUNAR DAY

Moon in ♈ Aries · Day 18 / 30 · Full Moon

Impatience with delays rises noticeably right now, and people act on whatever they want without much advance thinking. Short tempers and blunt reactions are more common for the next 48 hours.
