KEY TRANSIT FACTORS

♂ Mars ∠ Semi sextile ♀ natal Venus

These days you feel more **confident when connecting with people** you care about, and small gestures of affection come naturally to you. Your *Mars* is working smoothly with your *Venus*, making it easier to express what you want without being pushy or awkward about it. Over the coming weeks, you might find that conversations flow better and you're less hesitant to take the social initiative.

♀ Venus □ Square ♂ natal Mars

Over the coming weeks, you're likely to feel **restless and impatient in your relationships**, wanting more excitement or attention than your partner is willing to give right now. Your desire for closeness keeps bumping up against your need to do things your own way, which can create awkward moments or small arguments that feel out of proportion. These clashes are temporary, but they'll show you where you and the people close to you actually want different things.

♁ Chiron qx Quincunx ♀ natal Mercury

Right now you're noticing that your usual way of explaining yourself isn't landing the way it normally does, and it can feel **awkward to adjust how you communicate on the fly**. *Chiron* transiting at an angle to your natal *Mercury* means your thinking patterns are slightly out of sync with what others expect to hear. Over the coming weeks, patience with yourself during conversations will help more than trying to force clarity.

♃ Jupiter □ Square ♂ natal Mars

Right now you are more likely to **overcommit and overestimate what you can actually do**, which leaves you frustrated when reality doesn't match your ambition. Your impatience is higher than usual, so small delays or obstacles feel like major blocks, and you may snap at people or push harder than makes sense. Over the coming weeks, learning to slow down and check your assumptions before acting will help you avoid wasting energy on projects that won't actually work out.

♁ Lilith ♂ Conjunction ♀ natal Venus

Right now you are more willing to say no to people and situations that do not feel right to you, even if you normally worry about disappointing others. You may notice yourself **rejecting compliments or attention** that feels shallow or that comes with strings attached. These days *Lilith* at your *Venus* is making you pickier about who deserves your time and affection.

☉ Sun * Sextile ☾ Moon

These days you find it easier to know what you actually want and then act on it without second-guessing yourself. Your **practical needs and your emotional needs are pointing in the same direction**, so decisions feel less confusing. This alignment between the *Sun* and *Moon* means you can move forward with both confidence and peace of mind.

› Moon ♄ Quincunx ♄ Saturn

These days you might feel **emotionally restless without knowing exactly why**, as if something needs fixing but you cannot quite identify what. Your practical side wants to organize your feelings into a manageable system, yet your emotional needs keep shifting underneath whatever plan you make. This mismatch between what you feel and what you think should happen creates a low-level frustration that pushes you to keep adjusting your approach until something finally clicks.

☿ Mercury ♂ Conjunction ♀ Venus

These days you find it easier to say what you actually mean without sounding harsh or defensive. Your **words feel more natural and people listen differently** when you speak, which makes conversations flow instead of turning into arguments. This period is good for talking through disagreements, asking for what you want, or telling someone you care about them.

LUNAR DAY

Moon in ♋ Cancer · Day 25 / 30 · Last Quarter

Sensitivity to tone and atmosphere runs higher than usual over the next 48 hours, making small remarks feel more significant than intended. **The draw toward home, familiar food, and trusted people** dominates most decisions.
