KEY TRANSIT FACTORS

☾ Moon ☐ Square ♀ natal Venus

Right now you feel emotionally out of step with the people closest to you, making it hard to enjoy their company or feel appreciated by them. You may pick fights over small things or withdraw when you normally would reach out, leaving relationships feeling **strained and disconnected**. These days your mood swings can make you seem ungrateful or cold, even when that is not what you intend.

♁ Chiron ☐ Quincunx ♆ natal Neptune

Right now you are noticing gaps between what you believe about yourself and how you actually behave in stressful moments. You might find yourself **acting more defensively or withdrawn than you expect**, especially when someone questions your motives or judgment. These days the disconnect feels awkward rather than painful, but it is pushing you to pay closer attention to where your ideals do not match your real actions.

♅ Uranus ☐ Opposition ♆ natal Neptune

Right now you're caught between wanting clarity and being pulled toward wishful thinking, which makes practical decisions feel impossible. Your usual ability to sense what others need starts working against you because you're picking up on mixed signals that may not even be real. Over the coming weeks, you'll need to slow down and write things down instead of trusting your gut, because your instincts are genuinely unreliable at the moment.

☿ Mercury ☐ Square ♇ natal Pluto

Right now your conversations tend to become intense and you dig into uncomfortable truths that others would rather leave alone. You feel compelled to **expose hidden motives and hidden problems**, which makes people defensive or angry with you. Over the coming weeks, this blunt way of communicating will cost you socially unless you learn to hold back what you think.

♃ Jupiter ☐ Semi sextile ♀ natal Venus

Over the coming weeks, you find it easier to say yes to social invitations and to express what you actually like about the people around you. **You're more generous with compliments and attention**, which tends to make conversations warmer and more genuine. This small shift in how you show up socially often leads to better connections and a quiet sense of contentment in your relationships.

☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun ☾ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

☉ Sun ☾ Semi sextile ♄ Saturn

These days you find it easier to stick with practical commitments without feeling weighed down by them. **You can be disciplined and follow through** on plans while still enjoying the process instead of resenting it. The light touch between *Sun* and *Saturn* means your natural confidence supports your ability to work steadily toward real goals.

LUNAR DAY

Moon in ♒ Aquarius · Day 8 / 30 · Waxing Crescent

Emotional detachment increases these days, making abstract discussions and group concerns feel more engaging than personal ones. People respond better to logic than to feeling right now, and the need for independence runs noticeably higher.
