KEY TRANSIT FACTORS

☉ Sun ☾ Semi sextile ♀ Venus ★

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☿ Mercury ★ Sextile ☾ natal Moon

Over the coming weeks, you find it much easier to **say what you actually mean without overthinking it**. Your conversations flow naturally and people respond well because you're expressing yourself clearly and with genuine warmth. This is a practical window to have important talks or sort out misunderstandings that have been sitting with you.

♁ Chiron ☾ Opposition ☉ natal Sun

Right now you're running into situations where your usual confidence doesn't work, and you feel **awkward or exposed in ways that sting**. You might notice criticism from others landing harder than usual, or you catching yourself being overly self-critical about decisions you'd normally stand behind. Over the coming weeks, this friction is forcing you to look honestly at where you've been ignoring your own doubts or pushing yourself too hard.

♁ NNode △ Trine ♁ natal Chiron

Right now you find it easier to talk about your past mistakes and disappointments without getting stuck in shame or defensiveness. People around you respond better when you speak honestly about what you've learned from difficult experiences, and you **naturally become more comfortable sharing your story**. Over the coming weeks, this openness creates real connections with others who have been through similar struggles.

☾ Moon ☿ Quincunx ☉ natal Sun

Right now your mood and your sense of purpose are out of sync, so you feel restless even when things are going well. You might **second-guess decisions you normally feel confident about**, or find yourself irritable with people who don't understand what you need. These feelings will pass in a week or two, but until then you'll work better if you accept the discomfort rather than trying to fix it.

♃ Jupiter ☾ Opposition ♄ natal Saturn

Right now you're caught between wanting to expand and feeling held back by practical limits, which makes you restless and frustrated. You're likely **pushing harder against rules or responsibilities** that suddenly feel too tight, whether at work or in commitments you've made. Over the coming weeks this friction can push you to either break something unnecessarily or finally face where you've actually been avoiding difficult decisions.

☉ Sun ☿ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun ☐ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.
