KEY DATE

☿ Mercury stations Retrograde

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

♃ Jupiter enters ♌ Leo

Jupiter in *Leo* brings a **more confident and outspoken** energy to how people present themselves at work and in social settings—you'll notice colleagues and friends speaking up more often and taking on visible roles they might have avoided before. In relationships and creative projects, this transit tends to **expand what feels possible**, so people often pursue hobbies they'd set aside, ask for promotions they've been considering, or invest more attention in the people they care about. The practical trade-off is that **overcommitment and oversimplification** become real risks—the optimism this brings can make people say yes to too much or gloss over details that actually matter.

KEY TRANSIT FACTORS

♀ Venus ☐ Square ♃ natal Jupiter

You are spending more freely right now and having trouble saying no to things you want, which can leave you short of money or overcommitted socially. Your **appetite for indulgence outpaces your actual resources**, and you may feel frustrated when reality pushes back against what feels like reasonable enjoyment. Over the coming weeks, the gap between what you want to give yourself and what you can actually afford will become hard to ignore.

♄ Saturn ☉ Opposition ☉ natal Sun

Right now you feel **worn down by demands** on your time and energy, and others seem to expect more from you than feels realistic. You notice yourself saying no more often, or feeling resentful when you do say yes, because your reserves are genuinely low. These weeks will test whether you can be honest about your limits instead of pushing through until you break.

☿ Mercury qx Quincunx ♂ natal Mars

Over the coming weeks, you'll notice your words and actions don't quite line up the way you expect. You might say something that comes across too blunt, or realize mid-sentence that what you meant to express sounds completely different out loud. This **mismatch between intention and delivery** creates small friction in conversations, especially when you're trying to get something done or persuade someone to your side.

♁ NNode ☐ Square ☾ natal Moon

You are feeling **emotionally pulled in two directions** right now, wanting to stay comfortable while something pushes you toward unfamiliar social or practical territory. Your gut reactions clash with what people around you seem to expect, leaving you irritable and confused about what you actually need. Over the coming weeks, you will have to choose between repeating old emotional patterns or accepting that some relationships and routines no longer fit who you are becoming.

› Moon ☐ Square ☉ natal Sun

Right now you're feeling **irritable with the people closest to you**, even when they haven't done anything wrong. Your mood swings are making it hard to stick to your normal routines, and small frustrations at work or home feel much bigger than they actually are. These next few days or weeks will test your patience, but once this passes you'll see more clearly what actually bothers you and what doesn't.

☿ Mercury Rx · ♋ Cancer

Your thinking turns inward and emotionally colored during this period, making objective analysis harder. Past conversations or unresolved family matters resurface and demand attention. Revisiting emotional decisions is more useful now than making new ones while this lasts.

☉ Sun ☐ Square ♃ Neptune

Right now you are likely to **confuse what you want with what you imagine you want**, making it hard to set realistic goals or stick to decisions. People around you may seem unreliable or evasive, and you might notice yourself doing the same thing without meaning to. This period asks you to slow down and write things down before acting, because your usual sense of what is real gets cloudy.

☉ Sun ☒ Quincunx ♇ Pluto

Right now you might feel **out of step with your own needs**, as if what you want and what's actually happening don't quite match up. You notice yourself making small adjustments to stay in control of a situation, only to realize those tweaks aren't really working. This mismatch between your intentions and real results can leave you feeling frustrated until you accept that some things need to shift more completely than you planned.

› Moon ☐ Square ♄ Saturn

At the moment, you feel **disconnected from people around you**, even when you are with them. Your emotional needs seem to clash with what is practical or realistic, leaving you frustrated. Moon square Saturn makes you withdraw when you actually need support most.

LUNAR DAY

Moon in ♑ Capricorn · Day 16 / 30 · Full Moon

Focus narrows toward responsibilities and unfinished obligations during this transit, with less tolerance for distraction or small talk. The emotional tone becomes more reserved and measured for the next 48 hours.

CLOTHING & JEWELRY
