## KEY TRANSIT FACTORS

### ♆ Neptune ∠ Semi sextile ♄ natal Chiron · peak 2 Feb

These days you find yourself **more willing to accept your own limitations** without turning them into harsh self-judgment. When something doesn't go smoothly, you notice you're gentler with yourself instead of dwelling on what went wrong. This shift in attitude makes it easier to move forward and try again without the usual weight of disappointment.

### ♄ Chiron ♂ Opposition ☉ natal Sun · peak 11 Feb

Right now you're running into situations where your usual confidence doesn't work, and you feel **awkward or exposed in ways that sting**. You might notice criticism from others landing harder than usual, or you catching yourself being overly self-critical about decisions you'd normally stand behind. Over the coming weeks, this friction is forcing you to look honestly at where you've been ignoring your own doubts or pushing yourself too hard.

### ♅ Uranus \* Sextile ♇ natal Pluto · peak 23 Feb

Right now you find it easier to **spot what needs to change** in your life without feeling overwhelmed by it. *Uranus* is helping you see practical steps forward where *Pluto* usually makes things feel stuck or all-or-nothing. Over the coming weeks, you're more likely to act on improvements in your work, relationships, or routines instead of waiting for a crisis to force your hand.

### ♃ Jupiter ∠ Semi sextile ♂ natal Mars · peak 7 Feb

Over the coming weeks, you'll notice yourself **taking action on plans you've been sitting on** without the usual self-doubt. You feel more confident when you push forward on practical tasks, and small wins come easier than usual. This is a good time to start that project or have conversations you've been putting off, because your natural momentum is working in your favour right now.

### ♄ Saturn △ Trine ☉ natal Sun · peak 28 Feb

Right now you find it easier to **follow through on what matters to you**, and people notice the difference in your reliability. Your practical sense is sharp, so you can see which goals are actually worth your time and which ones to drop without guilt. Over these coming weeks, you're building real credibility because you do what you say you will do.

### ♅ Uranus ♂ Conjunction ♃ natal Mercury · peak 1 Feb

Right now your thinking is unusually **restless and unpredictable**, and you may find yourself jumping between ideas or changing your mind more often than usual. People around you might notice you're speaking differently—more bluntly, more rapidly, or bringing up subjects you normally wouldn't mention. Over the coming weeks, this can shake up how you communicate at work or in relationships, so it helps to notice when you're being impulsive with your words.

### ♁ NNode □ Square ☉ natal Sun · peak 28 Feb

Right now you are **pulling away from situations where you normally feel confident**, even when stepping forward would serve you well. You might notice yourself second-guessing decisions that align with who you are, or feeling awkward when others look to you for leadership. Over the coming weeks, this friction between your instinct to act and an unfamiliar doubt can either paralyze you or force you to examine whether you are actually living in a way that fits your real values.

#### ♅ Pluto △ Trine ☾ natal Moon · peak 28 Feb

These days you find it easier to **act on what you actually feel** instead of hiding or dismissing your emotions. People around you notice you seem more direct and honest about what matters to you, and they tend to respond well to this straightforwardness. Over the coming weeks, situations that once felt emotionally stuck start to move forward because you're not holding back anymore.

#### ♅ Uranus ♂ Conjunction ♃ natal Neptune · peak 28 Feb

Right now you may find it harder to stick to routines or long-term plans because your thoughts keep shifting between different possibilities. You feel **restless with what's familiar** and want to try new approaches even if you haven't thought them through completely. These days your practical decisions can feel uncertain, so it helps to write things down and check them again before acting.

#### ♄ Chiron ♁ Quincunx ♀ natal Venus · peak 1 Feb

Right now you notice small awkwardness in how you connect with people you care about, as if your usual way of showing affection doesn't quite land the way you expect. You might feel **slightly out of sync with your own preferences**, unsure whether you actually want what you thought you wanted in your relationships. Over the coming weeks, this discomfort is actually useful—it pushes you to adjust how you relate and to notice when you're settling or performing instead of being genuine.

#### ♃ Jupiter △ Trine ☾ natal Moon · peak 28 Feb

Right now you find it easier to feel **emotionally settled and optimistic** about your life, even when things aren't perfect. People around you respond to this shift, and you attract more genuine support and kindness without having to ask for it. Over the coming weeks, you're likely to make decisions about your home, family, or personal comfort that actually work out well because you're listening to what you truly need instead of what you think you should want.

#### ♁ NNode □ Square ♄ natal Saturn · peak 1 Feb

Right now you feel caught between wanting to try something new and a nagging fear that you will fail or waste time. You become **unusually self-critical about your abilities** and may avoid taking any real action because the stakes feel too high. Over the coming weeks this friction between caution and growth can actually force you to make a real choice instead of drifting, though the discomfort while you decide is genuine.

#### ♄ Saturn ♁ Quincunx ♀ natal Venus · peak 13 Feb

Over the coming weeks, you may feel **awkward or hesitant in relationships** even though you want to be close to someone. Small gestures of affection or attempts to connect might feel clumsy or poorly timed, leaving you wondering if you are doing things right. This is temporary friction between what you want emotionally and what feels practical or safe right now.

#### ♃ Jupiter □ Square ♀ natal Mercury · peak 1 Feb

Your mind is working faster than your mouth right now, and people find you hard to follow. You jump between ideas, interrupt conversations, and make promises you cannot keep because you are overestimating what you can handle. The gap between what you think you can do and what is actually realistic will create real problems at work or in your relationships over the coming weeks.

#### ♃ Jupiter ♁ Quincunx ♅ natal Pluto · peak 1 Feb

Over the coming weeks, you may feel **restless with situations you thought were settled**, wanting to change things that previously felt stable or important to you. Your confidence in what you control grows, but it doesn't match up neatly with what's actually possible right now, leaving you frustrated. These misalignments between what you want to reorganize and what the real world allows are the main friction you'll notice while *Jupiter* stays at odds with your *Pluto*.

#### ♄ Saturn Rx · ♊ Gemini

Mental discipline and consistency in communication are being tested right now. Projects that require sustained intellectual effort may expose areas where your commitment has been shallow. Returning to half-finished work rewards you more during this period than starting fresh.

#### PROGRESSED MOON

---

○ Progressed Moon in ♋ Pisces 0.7° H4

Entering ♋ Pisces this month (was in ♒ Aquarius)

#### LUNATIONS

---

● New Moon · Saturday, 3 Feb

in ♒ Aquarius

innovation, social ideals, future direction

in H3 — Communication & Learning

Your mind is ready for new inputs and your communication style is shifting. This is an excellent time to **start a course, launch a project involving writing or speaking**, or open honest conversations with people in your immediate environment. Short trips, new learning experiences, and reconnecting with siblings or neighbors may carry unusual significance now. What you plant in conversation and learning at this point will take root in meaningful ways.

---

○ Full Moon · Saturday, 17 Feb

in ♌ Leo

recognition, drama, creative culmination

in H10 — Career & Reputation

Your professional life and public reputation are under full illumination. A **career achievement, recognition, or significant turn in your public standing** is reaching its peak. This is often the full moon associated with promotions, public moments, or a situation at work coming to a decisive point. How others see you professionally is clarified now — for better or worse. What you've built toward is visible, and so are the gaps between your ambitions and your current reality.

#### KEY DATES

---

**Thu, 1 Feb** ☽ Uranus ♂ Conjunction ☿ natal Mercury

♄ Saturn △ Trine ☼ natal Sun

**Sat, 3 Feb** New Moon in Aquarius

**Sun, 4 Feb** ♄ Chiron ♂ Opposition ☼ natal Sun

**Mon, 5 Feb** ♀ Venus enters ♒ Aquarius

*Venus* in *Aquarius* makes people **less interested in traditional relationship rules** and more drawn to friends, group settings, or unconventional arrangements. In practice, you might notice yourself **valuing independence and honesty** over romantic gestures, or finding that casual friendships suddenly feel more appealing than intense one-on-one bonds. At work and in daily life, this transit brings a **cooler, more detached approach** to money and socialising—you'll likely spend less on impulsive buys and prefer people who let you do your own thing.

**Sat, 10 Feb** ☿ Mercury enters ♋ Pisces

*Mercury* in *Pisces* makes your thinking **slower and less direct** — you'll notice yourself taking longer to find the right words, or changing your mind mid-conversation. In work and daily tasks, this transit rewards **intuition and pattern-spotting** over step-by-step logic, so you might solve problems by sensing what feels right rather than working through details. Relationships often improve because you're more **willing to listen without interrupting** and pick up on what people aren't saying aloud, though you may struggle to explain your own point clearly.

**Sun, 11 Feb** ♄ Chiron ♂ Opposition ☼ natal Sun

**Mon, 12 Feb** ♂ Mars enters ♑ Capricorn

☽ Uranus ♂ Conjunction ☿ natal Mercury

*Mars* in *Capricorn* brings **steady focus** to work and long-term goals, so people tend to notice they can **stick with difficult tasks** without burning out or losing patience. In relationships and at work, this transit makes people more **direct and serious** about what they want, which often means fewer complaints and more straightforward conversations about practical problems. Over the next weeks, expect a shift toward **getting results** rather than starting new things—the energy works best on finishing projects and building something that actually lasts.

**Wed, 14 Feb** ♄ Saturn stations Direct

*Saturn* turning direct means **stuck decisions and delayed projects** can finally move again after months of standing still. What felt unclear or blocked in your work, finances, or long-term plans becomes **clearer and actionable** as *Saturn* pushes forward. The pattern most people notice is **real progress on what matters** — whether that's getting a commitment from someone, finishing something you started, or seeing results from hard work you put in during the retrograde.

**Sat, 17 Feb** Full Moon in Leo

**Sun, 18 Feb** ♋ NNode □ Square ☼ natal Sun

**Mon, 19 Feb** ☼ Sun enters ♋ Pisces

*The Sun* moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.

**Fri, 23 Feb** ♃ Jupiter enters ♒ Aquarius

♅ Uranus ✕ Sextile ♃ natal Pluto

*Jupiter* in *Aquarius* tends to make people **more willing to try new approaches** at work and in groups, whether that means joining a club, backing an unconventional idea, or rethinking how teams operate. In relationships and friendships, this shift often brings a **looser, less controlling** energy—people generally care less about strict rules and more about what actually works for everyone involved. Over the next year or so, you'll probably notice **more optimism around technology, group projects, and independence**, with folks feeling freer to do their own thing rather than follow the usual script.

**Wed, 28 Feb** ♄ Saturn △ Trine ☉ natal Sun

♁ NNode □ Square ☉ natal Sun

♅ Pluto △ Trine ☾ natal Moon
