## KEY TRANSIT FACTORS

### ♃ Jupiter ☿ Quincunx ♀ natal Venus · peak 7 May

Right now you're noticing that what you want socially or romantically doesn't quite fit with what you're actually doing about it. You might feel **pulled in opposite directions**—generous impulses clash with practical limits, or you're generous in ways that don't land the way you hoped. Over the coming weeks, small adjustments to how you show up in relationships will feel more natural than pushing harder in any one direction.

### ♄ Chiron △ Trine ♂ natal Mars · peak 30 May

Over the coming weeks, you find it easier to talk about what you actually want and need instead of pushing through silently. Your **willingness to ask for help** without shame or defensiveness opens doors with people who care about you. This practical shift means you get real support right when you need it, and conflicts that usually leave you exhausted tend to resolve with much less friction.

### ♇ Pluto ☐ Square ♄ natal Chiron · peak 1 May

Right now you're bumping up against old wounds that usually stay quiet, and it feels uncomfortable because you can't just ignore them the way you normally do. You might find yourself **overreacting to small slights or feeling defensive** about situations that wouldn't usually bother you. Over the coming weeks, this friction is forcing you to look at how you protect yourself—not to fix everything at once, but to notice where your defenses are actually holding you back from connecting with other people.

### ♄ Saturn ☐ Square ☉ natal Sun · peak 1 May

Right now you feel less confident than usual and more aware of your limits. Your **self-doubt shows up in real ways**—you hesitate before speaking up, you second-guess decisions you would normally make quickly, and you notice people responding to this hesitation by taking the lead instead. This period asks you to do practical work on your confidence, not by ignoring the doubts but by acting despite them.

### ♃ Jupiter ☉ Opposition ☉ natal Sun · peak 17 May

Right now you are running into people and situations that directly challenge what you believe about yourself. You feel **pulled in opposite directions**—one part of you wants to expand and take on more, while another part doubts whether you can actually deliver. Over the coming weeks, this friction is likely to expose where you've been overestimating your capabilities or making promises you can't keep.

### ♆ Neptune ∟ Semi sextile ♀ natal Venus · peak 1 May

Right now you're feeling more **generous and open-hearted** in your relationships without much effort. People around you respond well to this softness, and you find it easier to listen and connect without agenda. Over the coming weeks, this gentleness helps you strengthen bonds that matter most, as you naturally give more attention to what you actually care about.

#### ♄ Saturn ☐ Square ♄ natal Saturn · peak 31 May

You feel **blocked and frustrated** by rules and limits that suddenly feel too tight, whether at work or in your own routines. Everything takes longer than it should right now, and you are likely to doubt whether you have what it takes to reach your goals. These feelings are real but temporary, and pushing harder against the resistance usually backfires, so your best move is to slow down and rebuild your structure piece by piece.

#### ♋ NNode ☉ Opposition ♃ natal Moon · peak 1 May

Over the coming weeks, you feel **pulled between what makes you feel safe and what people around you actually need from you**. Your instinct is to retreat into familiar comfort, but others are asking you to show up differently, and ignoring them creates real tension in your relationships. This clash between your emotional habits and external demands won't resolve quickly, but it will force you to recognize which patterns no longer serve anyone.

#### ♃ Jupiter ☉ Opposition ♄ natal Saturn · peak 31 May

Right now you're caught between wanting to expand and feeling held back by practical limits, which makes you restless and frustrated. You're likely **pushing harder against rules or responsibilities** that suddenly feel too tight, whether at work or in commitments you've made. Over the coming weeks this friction can push you to either break something unnecessarily or finally face where you've actually been avoiding difficult decisions.

#### ♄ Saturn ♂ Conjunction ♅ natal Uranus · peak 31 May

Right now you feel **caught between wanting to break free and needing to be responsible** about it. You're more aware of the rules and limits around you, which makes any impulsive urge to rebel feel heavier or less appealing. Over the coming weeks, this usually shows up as delayed or reconsidered decisions rather than sudden change.

#### ♄ Saturn ☒ Quincunx ♋ natal NNode · peak 31 May

Right now you feel caught between what you're naturally drawn to and what actually works in practice. You notice yourself second-guessing choices that normally feel easy, which creates an awkward gap between your instincts and your actions. This **mismatch between intention and follow-through** will fade once *Saturn* moves past this angle, but while it lasts you benefit from checking your decisions twice rather than trusting your first instinct.

#### ♃ Jupiter ☐ Square ♅ natal Uranus · peak 31 May

You're feeling restless and impatient with your usual routines, and you're more likely to make sudden decisions without thinking through the consequences. **Your need for freedom is clashing with your responsibilities**, making it hard to stick to commitments or plans. Over the coming weeks, you may experience practical disruptions—cancelled plans, unexpected changes, or your own impulsive actions—that force you to rebuild some stability afterward.

#### ♃ Chiron ☉ Opposition ♀ natal Mercury · peak 1 May

Over the coming weeks, you find yourself second-guessing what you say before you say it, and wondering if people are really listening to you the way they used to. **Self-doubt creeps into conversations** that should feel easy, leaving you more cautious about sharing your actual thoughts. This is a practical problem right now because unclear communication at work or with people close to you can create misunderstandings that take real effort to fix once they happen.

#### ♃ Jupiter \* Sextile ♋ natal NNode · peak 31 May

Over the coming weeks, you find it easier to say yes to opportunities that align with what you actually want to do. You're less hesitant about taking small steps toward goals you've been thinking about, and **people around you tend to be more supportive when you ask for help or feedback**. This isn't about luck—it's that you're acting with more confidence, and others respond to that.

#### ♃ Chiron △ Trine ♇ natal Pluto · peak 1 May

Over the coming weeks, you find it easier to **talk honestly about difficult things** without getting defensive or shutting down. People respond well to your openness because you're not attacking or blaming them, just saying what actually happened and how it affected you. This period gives you a practical window to repair relationships or clear the air in conversations you've been avoiding.

### PROGRESSED MOON

---

○ Progressed Moon in ♈ Aries 0.2° H5

Entering ♈ Aries this month (was in Pisces)

### LUNATIONS

---

● New Moon · Sunday, 11 May

in ♉ Taurus

material foundations, slow build, stability

in H7 — Partnerships

A significant new chapter in your one-on-one relationships is beginning. Whether in **romantic partnership, business collaboration, or important agreements**, this lunation plants seeds that will mature over the next six months. The people you meet or commit to now carry lasting significance. If you've been considering a serious conversation with a partner or are ready to formalize a collaboration, this is the most supportive moment to take that step.

---

○ Full Moon · Saturday, 24 May Eclipse

in ♏ Scorpio

hidden truths, emotional intensity, power shift

in H1 — Self & Identity

Something significant about your identity and self-presentation is coming to a head. A situation that has been developing is now reaching a **turning point involving your confidence, independence, or personal direction**. Others see you clearly now — which can bring recognition but also reveals whatever you've been projecting unconsciously. Decisions made at this peak about how you want to show up in the world will carry lasting weight. Your personal needs deserve to come first.

KEY DATES

---

**Thu, 1 May** ♅ Pluto ☐ Square ♁ natal Chiron

♄ Saturn ☐ Square ☉ natal Sun

♊ NNode ☽ Opposition ♀ natal Moon

**Fri, 2 May** ♃ Uranus enters ♎ Libra

*Uranus* in *Libra* brings **sudden shifts in how people handle relationships and partnerships**, with many noticing they either need more freedom or start questioning old agreements at work and home. Expect more **unusual or unconventional arrangements** — people swap traditional roles, try new ways of working together, or end situations that feel too rigid, and these changes often happen faster than anyone planned. At work and socially, **fairness and equal treatment** become non-negotiable, so outdated power dynamics tend to crack open and get rearranged during this transit.

**Sun, 4 May** ☿ Mercury enters ♊ Gemini

*Mercury* entering *Gemini* sharpens your ability to **pick up details** and **connect ideas quickly**, so conversations at work or home tend to move faster and cover more ground. People often notice they're **more curious** about how things work and less patient with slow explanations, which can make learning something new feel easier but also make waiting for others frustrating. At work and in daily tasks, **short-form communication** — texts, quick calls, bullet points — becomes more natural than long emails, and your mind jumps between topics more readily.

**Sat, 10 May** ♀ Venus enters ♋ Cancer

*Venus* in *Cancer* makes people **more careful about who they let close**, and they often notice themselves wanting **deeper emotional connection** instead of surface-level interaction. In relationships and work, this shows up as spending more time with people who feel **safe and familiar**, while casual friendships might feel less interesting. Most people find themselves **expressing care through practical actions** — cooking, checking in, remembering details — rather than grand gestures or words.

**Sun, 11 May** New Moon in Taurus

**Mon, 12 May** ♅ Pluto ☐ Square ♁ natal Chiron

**Sat, 17 May** ♃ Jupiter ☽ Opposition ☉ natal Sun

**Sun, 18 May** ♁ Chiron △ Trine ☽ natal Mars

**Wed, 21 May** ☽ Mars enters ♈ Aries

*Mars* in *Aries* brings **directness and speed** to how people push for what they want, whether at work or in conversations. You'll notice people **act faster** on decisions and speak up more bluntly instead of holding back, which can get things done quickly but also create friction if someone feels steamrolled. In practical terms, this is when **competition heats up** — at the gym, in meetings, on projects — and people have less patience for delays or obstacles.

**Thu, 22 May** ☉ Sun enters ♊ Gemini

*Sun* in *Gemini* brings a **shift toward curiosity and talking things through** — you'll notice people asking more questions, starting conversations they'd normally skip, and wanting to understand how things work. At work and in relationships, **communication becomes easier and faster**, though the downside is that people scatter their attention across more projects and topics than they can actually finish. **Short trips, emails, and quick decision-making** pick up noticeably during this month, so if you've been putting off organizing your schedule or catching up with contacts, this is when that restless energy makes it feel natural.

**Sat, 24 May** Full Moon in Scorpio

**Fri, 30 May** ♄ Mercury stations Retrograde

♄ Chiron Δ Trine ♂ natal Mars

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.
