KEY TRANSIT FACTORS

♇ Pluto ☐ Square ♃ natal Mercury · peak 24 Jan

Right now you are **second-guessing everything you say**, replaying conversations and worrying you have said too much or the wrong thing. Your mind feels heavy and suspicious, making you reluctant to share your thoughts or ask for what you need. Over the coming weeks, this paranoia about communication can isolate you from the people around you unless you push through the discomfort and speak anyway.

♊ NNode ☉ Opposition ♁ natal Chiron · peak 22 Jan

Right now you're running into situations that expose what you've been trying to ignore about your own limitations. Your instinct is to push yourself harder or prove something to others, but the more you do that the more frustrated you become because the outcome doesn't match the effort. Over the coming weeks, this friction is forcing you to admit that some things genuinely don't come easily to you, and that's worth taking seriously instead of just powering through.

♇ Pluto ☒ Quincunx ♇ natal Pluto · peak 10 Jan

You may notice that your usual way of handling power or control in a situation feels slightly off or requires adjustment. Over the coming weeks, you might find yourself **questioning strategies that normally work for you**, or feeling restless about decisions you thought were final. This awkward fit between your instinct and what the situation demands can actually push you toward a more practical solution if you stay patient with the discomfort.

♄ Saturn ☒ Quincunx ♇ natal Pluto · peak 12 Jan

You feel stuck between wanting to control a situation and knowing you cannot, which makes you irritable and restless in ways that are hard to explain to others. **You push harder on things that won't budge**, and this friction shows up most in relationships or projects where someone else has real power. Over the coming weeks, the practical way forward is to accept what you genuinely cannot change and redirect your effort toward the small moves that are actually within your reach.

♄ Saturn ☐ Square ♃ natal Mercury · peak 16 Jan

Right now your thinking feels slower and more careful than usual, and you may struggle to express yourself clearly to others. **You second-guess your words** before speaking, worry that what you say will be misunderstood, and find it harder to explain ideas that felt obvious before. These mental delays and doubts will pass once this transit moves on, but while it lasts you'll need to accept that communication takes more effort and patience.

♃ Jupiter ☉ Conjunction ♁ natal Chiron · peak 2 Jan

Over the coming weeks, you're likely to feel more **willing to talk about past hurts that usually stay private**. People around you may notice you're more open and less defensive when difficult topics come up. This period can actually help you move through some old emotional blocks because you're not fighting against them as hard as usual.

♅ Uranus ∟ Semi sextile ♀ natal Moon · peak 31 Jan

Over the coming weeks, you notice yourself willing to **try new routines without getting attached to them**, which makes daily life feel less rigid. Your emotional responses shift just enough to give you a little breathing room when you'd normally feel stuck in the same reactions. This gentle loosening helps you handle small changes at home or in your personal habits with more ease than usual.

♃ Jupiter * Sextile ♀ natal Venus · peak 23 Jan

These days you find it easier to say yes to social invitations and connect with people who matter to you. You feel **naturally generous** with your time and attention, which makes others want to be around you more. This period is ideal for deepening friendships, starting new relationships, or simply enjoying the company you keep without forcing anything.

♄ Saturn □ Square ♃ natal Neptune · peak 1 Jan

Right now you are running into the practical limits of your plans, and it feels frustrating because you can't see exactly where things are breaking down. You become **more critical and doubtful** than usual, second-guessing decisions you made weeks ago and struggling to trust your own judgment. Over the coming weeks, this clash between *Saturn's* demand for clear results and *Neptune's* fog will force you to sort out what is actually possible from what you only hoped might work.

♃ Jupiter □ Square ☉ natal Sun · peak 31 Jan

Right now you are **overestimating what you can handle**, and this confidence is pulling you into commitments that drain your resources faster than you expected. *Jupiter* is amplifying your sense of possibility while *Sun* pushes you to prove yourself, making it hard to say no or admit limits. Over the coming weeks you will likely hit a wall—exhaustion, overspending, or failed promises—that forces you to recalibrate what actually matters to you.

♆ Neptune qx Quincunx ♄ natal Saturn · peak 31 Jan

Over the coming weeks, you may notice your usual routines feel slightly off or harder to follow through on, even when you know what you need to do. Your **ability to stick to practical plans gets cloudy**, and you find yourself second-guessing decisions you'd normally make without much thought. This isn't a crisis—it's just *Neptune* making your sense of structure feel less reliable, so you may need to build in extra time and double-check details more carefully than usual.

♄ Chiron * Sextile ♀ natal Moon · peak 31 Jan

Right now you find it easier to talk about things that usually upset you, and people actually listen instead of dismissing your feelings. Your **emotional honesty** becomes something others trust rather than fear, and that creates real closeness in your relationships. This window won't last forever, so these are good weeks to have the conversations you've been putting off.

♇ Pluto □ Square ♃ natal Neptune · peak 1 Jan

Over the coming weeks, you may find it harder to trust your own intuition and judgment because reality keeps contradicting what you thought you understood. **You question everything you believed about people and situations**, which leaves you feeling unstable and uncertain about what is actually true. This period asks you to rebuild your sense of what is real by paying close attention to facts instead of relying on hopes or assumptions.

♆ Neptune △ Trine ♅ natal Uranus · peak 31 Jan

You find yourself **more willing to experiment with unconventional ideas** without the usual anxiety that normally holds you back. Your imagination is practical right now, which means you can actually turn creative impulses into something real instead of dismissing them as too strange or risky. Over the coming weeks, you'll notice you're more comfortable being yourself in social situations and less concerned with fitting into what others expect.

♄ Saturn ∟ Semi sextile ♂ natal Mars · peak 31 Jan

Right now you're noticing that your efforts produce real results without requiring you to push as hard as usual. **You're working more efficiently**, and tasks that normally frustrate you feel manageable because you're approaching them with more patience than typical. Over the coming weeks, this steady support from *Saturn* to your *Mars* makes it easier to follow through on commitments without burning out.

KEY DATES

Wed, 1 Jan ♄ Saturn □ Square ♃ natal Neptune

Thu, 2 Jan ♃ Jupiter ☌ Conjunction ♄ natal Chiron

Fri, 3 Jan ♂ Mars enters ♐ Sagittarius

Mars entering *Sagittarius* brings a shift toward **bigger goals and faster action** — people tend to stop sweating small details and push harder for what matters most. In relationships and work, you'll notice more **directness and impatience** with anything that feels like a waste of time, which can speed things up or create friction depending on how bluntly people speak. The practical upside is that **ambitious projects move forward** and people take risks they'd normally avoid, though they may also start more things than they finish during this transit.

Fri, 10 Jan Full Moon in Cancer

Sat, 11 Jan ♂ Uranus stations Direct

Uranus turning direct after months backward means **stuck situations finally shift** — delays in tech, contracts, or unusual projects resume their forward motion. What felt **blocked or confusing** about your routines, friendships, or work systems becomes **clearer to act on** now that the planet moves the way it normally does. Most people notice they can **make real changes** instead of just thinking about them, whether that's switching jobs, updating systems, or ending relationships that went nowhere during the retrograde.

Sun, 12 Jan ♅ Pluto □ Square ♀ natal Mercury

♁ NNode ☌ Opposition ♄ natal Chiron

Tue, 14 Jan ♀ Venus enters ♓ Pisces

Venus in *Pisces* makes people **softer and more forgiving** in how they treat others, so you might find yourself saying yes to requests you'd normally turn down or letting old arguments go without needing to rehash them. In relationships and work, this transit brings **less direct communication** — people get quieter, drop hints instead of asking straight out, and assume others understand what they want without saying it. *Venus* here also pulls attention toward **feeling appreciated through small gestures** like a text check-in or someone remembering how you take your coffee, rather than big declarations or expensive gifts.

Thu, 16 Jan ♄ Saturn □ Square ♀ natal Mercury

Fri, 17 Jan ♀ Mercury enters ♒ Aquarius

Mercury in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

Sun, 19 Jan ♄ Chiron * Sextile ☾ natal Moon

Tue, 21 Jan ☉ Sun enters ♒ Aquarius

Sun in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.

Wed, 22 Jan ♁ NNNode ♂ Opposition ⋈ natal Chiron

Thu, 23 Jan ♃ Jupiter * Sextile ♀ natal Venus

Fri, 24 Jan ♇ Pluto ☐ Square ♀ natal Mercury

Sat, 25 Jan New Moon in Aquarius

Mon, 27 Jan ♁ Lilith enters ♈ Aries

Lilith in Aries pushes people to **speak up and set boundaries** without waiting for permission or worrying about others' approval. At work and in relationships, you'll notice a **sharper willingness to disagree**, defend your own needs, and walk away from situations that feel controlling or unfair. This transit typically brings **impatience with people-pleasing** — expect less tolerance for being told what to do, and more direct conflict when someone tries to override your choices.
