## KEY TRANSIT FACTORS

### ♇ Pluto ☐ Square ♃ natal Jupiter · peak 28 Feb ★

Over the coming weeks, you're likely to feel blocked whenever you try to expand or move forward on something important to you. Your **impatience with limits** grows as obstacles appear exactly when you thought progress was guaranteed, making you push harder against resistance instead of stepping back. This period tests whether you can accept that some things need to shrink or transform rather than simply get bigger.

### ♆ Neptune ☐ Square ♅ natal Uranus · peak 1 Feb ★

You feel torn between wanting to break free from something and being unable to see clearly what needs to change. Your impulse to rebel clashes with confusion about which direction actually makes sense, leaving you **restless and indecisive**. Over the coming weeks, small frustrations can pile up as you second-guess decisions you thought were final.

### ♅ Uranus ☉ Opposition ♁ natal Chiron · peak 5 Feb

Right now you are **unusually defensive about your weaknesses** and less willing to accept practical help from others. You may find yourself resisting advice or support that would normally feel useful to you, creating unnecessary friction in relationships where people are trying to assist. This defensiveness can push away the exact people who understand your limitations and could actually make things easier during these coming weeks.

### ♃ Jupiter ☉ Opposition ☉ natal Sun · peak 19 Feb

Right now you are running into people and situations that directly challenge what you believe about yourself. You feel **pulled in opposite directions** — one part of you wants to expand and take on more, while another part doubts whether you can actually deliver. Over the coming weeks, this friction is likely to expose where you've been overestimating your capabilities or making promises you can't keep.

### ♇ Pluto ☐ Quincunx ♅ natal Uranus · peak 24 Feb

You feel pulled between wanting to break free from something and not knowing exactly what to change or how. This inner restlessness can make you **act impulsively on plans that aren't fully thought through**, only to second-guess yourself days later. Over the coming weeks, small adjustments to your routines or relationships will feel more useful than any dramatic moves.

### ♃ Jupiter ☐ Quincunx ♀ natal Venus · peak 8 Feb

Right now you're noticing that what you want socially or romantically doesn't quite fit with what you're actually doing about it. You might feel **pulled in opposite directions**—generous impulses clash with practical limits, or you're generous in ways that don't land the way you hoped. Over the coming weeks, small adjustments to how you show up in relationships will feel more natural than pushing harder in any one direction.

### ♅ Pluto ☿ Conjunction ♋ natal NNode · peak 28 Feb

Over the coming weeks, you're likely to feel **drawn toward situations that demand you shed old patterns and step into unfamiliar territory**. People and opportunities that previously felt outside your reach may suddenly appear, pushing you to make choices that feel risky but necessary. This period can feel intense and uncomfortable because you're being forced to confront what you've outgrown.

### ♆ Neptune ♌ Semi sextile ♋ natal Jupiter · peak 1 Feb

These days you feel more **open to possibility** than usual, and small opportunities seem to appear without you forcing them. You might notice that people respond better when you speak from genuine feeling rather than trying to convince them with logic. Over the coming weeks, this softer approach often leads to unexpected support or connections that feel genuinely helpful.

### ♅ Pluto ♌ Trine ♄ natal Saturn · peak 1 Feb

You find it easier right now to stick with difficult tasks without losing confidence in yourself. **You work with steady focus** on what actually matters, turning big goals into concrete steps. This period supports you in building something real that lasts, whether at work or in how you organize your life.

### ♆ Neptune ☾ Opposition ♆ natal Neptune · peak 28 Feb

Right now you are more **prone to self-deception** and harder on yourself than usual, making it difficult to see situations clearly. You may find yourself doubting your own judgment or feeling confused about what you actually want, which can lead to poor practical decisions. Over the coming weeks, this confusion will likely force you to question assumptions you have held for a long time and rebuild your sense of what is real.

### ♋ NNode ♌ Semi sextile ♄ natal Saturn · peak 1 Feb

Over the coming weeks, you find it easier to **follow through on commitments** without feeling weighed down by them. Your practical instincts are working well with your sense of direction, so you can make real progress on goals that matter. This is a good time to take on responsibility because you actually feel capable of handling it.

### ♋ NNode ♌ Semi sextile ☼ natal Sun · peak 28 Feb

These days you find it easier to say yes to opportunities that align with what matters to you, without overthinking or second-guessing yourself. People respond well to your **straightforward confidence**, and small doors open because you are simply more willing to walk through them. Over the coming weeks, you may notice that the choices you make feel less exhausting because you are following your own direction instead of trying to fit someone else's plan.

### ♆ Neptune \* Sextile ♋ natal NNode · peak 1 Feb

Over the coming weeks, you find it easier to **trust your instincts about what matters to you**, and this makes decisions about your direction feel less forced. People around you respond well to your openness right now, and conversations naturally turn toward what you actually care about rather than what you think you should want. This is a good time to explore interests that have been calling to you quietly, because your imagination and your sense of purpose are working together instead of pulling in different directions.

### ♄ Chiron ☿ Conjunction ♌ natal Moon · peak 28 Feb

Right now you're more aware of what hurts you emotionally, and you notice old patterns in how you react when you feel vulnerable. This heightened sensitivity means you can see what you actually need from other people instead of just pushing feelings down. Over the coming weeks, this self-awareness gives you a chance to **handle emotional wounds more honestly** instead of letting them pile up.

### ♃ Jupiter ☾ Opposition ♄ natal Saturn · peak 28 Feb

Right now you're caught between wanting to expand and feeling held back by practical limits, which makes you restless and frustrated. You're likely **pushing harder against rules or responsibilities** that suddenly feel too tight, whether at work or in commitments you've made. Over the coming weeks this friction can push you to either break something unnecessarily or finally face where you've actually been avoiding difficult decisions.

### ♿ Mercury Rx · ♄ Capricorn

Professional communications and career-related decisions are prone to misalignment right now. Contracts, applications, or plans that seemed finalized may need revisiting before they are acted on. The careful checking you do now prevents public errors later.

### ♄ Saturn Rx · ♌ Leo

Ambition and the structures supporting creative or public expression face an honest review during this period. Recognition that has been slow to arrive may be prompting important reassessment of your goals or methods. Internal validation serves you more right now than seeking external acknowledgment.

## KEY DATES

---

Thu, 1 Feb ♇ Pluto △ Trine ♄ natal Saturn

Sat, 3 Feb ♀ Venus enters ♄ Capricorn

*Venus* in *Capricorn* makes people **slower to commit** but more serious once they do—you notice yourself caring less about flashy romance and more about whether someone actually shows up. At work and in friendships, this transit brings **direct conversations** about what you actually want instead of hinting around, and people generally respect the honesty. Money matters get **practical attention** too, so you're more likely to check your budget, delay impulse buys, and think about long-term value rather than what feels good right now.

Mon, 5 Feb ♅ Uranus ♁ Opposition ♄ natal Chiron

Wed, 7 Feb ☿ Mercury stations Direct

*Mercury* stationing direct means **conversations and decisions that felt stuck** will start moving again, and you'll notice **clarity returning** to emails, plans, and talks that were confusing before. At work and in daily life, **miscommunications often resolve themselves** once this station passes, and people tend to follow through on things they'd postponed. Over the next few days, **information you've been waiting for** usually arrives, and you'll feel ready to **commit to choices** you'd been sitting on.

Thu, 8 Feb ♄ Chiron stations Direct

New Moon in Aquarius

*Chiron* stationing direct means the **healing or learning process** you've been stuck on for months finally **moves forward again**, and you'll notice progress in whatever area felt frozen or repetitive. In practice, **clarity returns** about what actually helps—whether that's a health choice, a skill you're rebuilding, or how to handle a recurring problem—because you can see the full pattern now instead of going in circles. *Chiron* direct also lets you **stop second-guessing** what you've already figured out and start acting on those realizations, even if the fix isn't perfect.

Mon, 12 Feb ♅ Uranus ♁ Opposition ♄ natal Chiron

Thu, 15 Feb ☿ Mercury enters ♒ Aquarius

*Mercury* in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

Fri, 16 Feb ♄ Saturn enters ♋ Cancer

*Saturn* in *Cancer* pushes people to **take real responsibility for their home, family, and emotional needs** — you'll notice others getting serious about fixing leaky roofs, sorting out messy family dynamics, or finally having difficult conversations they've been avoiding. At work and in relationships, **boundaries become firmer**; people stop accepting vague excuses and start expecting clear commitments and follow-through from partners and colleagues. Over the next few years, those who build **solid structures around their personal life** — whether that's establishing routines, setting limits with demanding relatives, or creating financial security — tend to feel steadier, while those who resist often feel the weight of neglected responsibilities piling up.

Sun, 18 Feb ♅ Pluto ♂ Conjunction ♋ natal NNNode

♆ Neptune ♂ Opposition ♆ natal Neptune

Mon, 19 Feb ☉ Sun enters ♓ Pisces

♃ Jupiter ♂ Opposition ☉ natal Sun

The Sun moving into Pisces shifts attention toward listening and flexibility for the next month, making people naturally more willing to adjust plans instead of pushing forward rigidly. At work and in relationships, you'll notice others become harder to pin down — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. Pisces season softens the usual drive to compete or win, so collaboration and going with the flow tend to work better than direct pressure during this time.

Thu, 22 Feb ☾ Full Moon in Virgo

Mon, 26 Feb ♂ Mars enters ♑ Capricorn

Mars in Capricorn brings steady focus to work and long-term goals, so people tend to notice they can stick with difficult tasks without burning out or losing patience. In relationships and at work, this transit makes people more direct and serious about what they want, which often means fewer complaints and more straightforward conversations about practical problems. Over the next weeks, expect a shift toward getting results rather than starting new things—the energy works best on finishing projects and building something that actually lasts.
