KEY DATE

☉ Sun enters ♌ Leo

The Sun entering Leo brings a **shift toward more direct self-expression** — people tend to speak up more at work, take on visible roles, and want their efforts noticed rather than working quietly behind the scenes. In relationships and social settings, **confidence and attention-seeking increase**, which can mean more fun and boldness but also more friction if someone feels overshadowed or ignored. Over the next month, most people find themselves **more willing to take charge**, pursue what they actually want, and care less about blending in.

☿ Mercury enters ♌ Leo

Mercury in Leo makes people talk more **directly and with confidence**, so conversations at work or home tend to feel bolder and less cautious than usual. When someone speaks up during this transit, they usually **want to be heard** and remembered, which means they pick words for impact rather than softness. In practice, this shows up as **clearer requests, firmer opinions**, and less apologizing—though it can also mean people interrupt more or push their point when they should listen.

KEY TRANSIT FACTORS

☉ Sun ☐ Square ♁ natal Chiron ★

These days you're more aware of where you feel inadequate or hurt, and this awareness is uncomfortable rather than helpful. You might find yourself **withdrawing from situations where you feel exposed or judged**, even if no one is actually criticizing you. Over the coming weeks, this self-doubt can make ordinary tasks feel harder than they should be, though it usually passes once the transit moves on.

♃ Jupiter ☐ Quincunx ♁ natal Chiron

You find yourself **overestimating what you can help others fix**, especially in situations where someone else needs to do their own work. Your confidence in giving advice or support grows, but you often miss the signs that people need to figure things out themselves. Over the coming weeks, you may feel frustrated when your generous efforts don't produce the results you expected.

☉ Sun ♂ Conjunction ♂ natal Mars

You're running on more fuel than usual right now, and you're likely to **act on impulses faster than you normally would**. Your appetite for physical activity, competition, or getting things done goes up noticeably during these weeks. This burst of directness can help you tackle projects or stand up for yourself, though you might also notice you're more irritable if something gets in your way.

♀ Venus * Sextile ☾ natal Moon

You find it easier to connect with people right now because you're naturally more **warm and approachable**. Your emotional state feels steady enough that you can listen to others without getting defensive or withdrawn. These days small gestures—a kind word, spending time with someone who matters—feel genuinely rewarding to you in a way they might not normally.

☿ Mercury ☐ Square ♄ natal Chiron

While this lasts, you find yourself **rehashing old hurts in conversations** without meaning to. You say things that accidentally trigger people or bring up painful topics you thought you'd moved past. This period can feel frustrating because your words seem to land wrong, even when you're trying to help or connect.

☉ Sun ☌ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun △ Trine ☌ Mars

Right now you feel **capable and ready to act** on things you've been thinking about. You have the psychological boost to start projects or push through obstacles without burning out or getting frustrated. This period makes practical effort feel natural instead of forced.

☉ Sun * Sextile ♃ Jupiter

These days you feel more **willing to take reasonable risks** and try things you've been putting off. People around you seem more generous with their time and help, making it easier to move forward on practical goals. This period brings a straightforward boost to your confidence without the pressure to overcommit or perform.

LUNAR DAY
