KEY TRANSIT FACTORS

♂ Mars ☍ Opposition ☉ natal Sun ★

Right now you're running into more resistance than usual, especially from people who see things differently than you do. You might feel **frustrated that others are blocking your plans** or disagreeing with your choices, even when you feel certain you're right. This friction won't last, but these weeks are asking you to slow down and pick your battles instead of pushing forward on every front.

♃ Jupiter ☐ Square ♆ natal Neptune

Right now you are **overestimating what you can achieve** and making promises you cannot keep. Your optimism is running ahead of reality, and you may find yourself committed to projects or goals that are actually beyond your practical reach. Over the coming weeks, disappointment will follow when you realize the gap between what you imagined and what is actually possible.

♃ Jupiter ☍ Quincunx ☾ natal Moon

Over the coming weeks you may feel pulled between wanting more comfort and feeling restless with your current situation. Your emotional needs don't quite match what's actually available to you right now, so you keep adjusting your expectations without getting settled. This **mild discomfort with routine** often pushes you to make small changes in how you manage your home or relationships, even if you're not entirely sure what you want.

♃ Jupiter ☍ Quincunx ♅ natal Pluto

Over the coming weeks, you may feel **restless with situations you thought were settled**, wanting to change things that previously felt stable or important to you. Your confidence in what you control grows, but it doesn't match up neatly with what's actually possible right now, leaving you frustrated. These misalignments between what you want to reorganize and what the real world allows are the main friction you'll notice while *Jupiter* stays at odds with your *Pluto*.

♂ Mars ☍ Opposition ♀ natal Venus

Right now you're more **irritable in close relationships** and harder to please about how people treat you. You might pick fights over small things or feel like no one is giving you what you need, which pushes others away just when you want connection. These days the gap between what you want and what's actually happening feels wider, so patience with your partner or people you care about is wearing thin.

☉ Sun ☺ Trine ♅ Uranus

Right now you feel comfortable taking risks that normally make you anxious, and **you speak up about ideas you'd usually keep quiet**. Other people seem more receptive to what you have to say, and conversations naturally veer toward what could happen instead of what has always happened. This is a good time to propose changes at work, try something new socially, or make a practical decision you've been putting off.

☉ Sun * Sextile ♄ Chiron

Right now you find it easier to talk about things that usually stay hidden, and people respond by listening instead of dismissing you. Your **willingness to admit weakness** actually makes others trust you more because you seem real. This is a good time to ask for help with something you have been carrying alone, because the practical support tends to show up.

☾ Moon ♂ Conjunction ♀ Venus

These days you feel more **comfortable showing affection** to the people around you, and they respond by being warmer in return. Your *Moon* and *Venus* are aligned right now, which makes it easier to express what you actually care about instead of holding back. This is a good window for having honest conversations with someone you're close to, or simply spending time with people who matter to you without the usual self-consciousness.

LUNAR DAY

Moon in ♉ Taurus · Day 27 / 30 · Waning Crescent

The pace slows considerably during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.
