KEY TRANSIT FACTORS

♂ Mars ☐ Square ♁ natal Chiron ★

You're more irritable than usual right now, especially when someone points out a mistake or limitation of yours. **You push back harder and faster than normal**, defending yourself before you've even thought it through. Over the coming weeks, this defensive reaction will show you exactly where you're still tender about your own abilities or past failures.

♃ Jupiter ☌ Conjunction ♊ natal NNode

Over the coming weeks, you're likely to **say yes to opportunities that normally wouldn't interest you**, and many of them will turn out better than expected. People seem to trust you more easily right now, which makes networking and making new contacts feel natural rather than forced. This is a practical window to expand your professional circle or take on projects that stretch your skills in ways you've wanted to for a while.

♂ Mars ☌ Quincunx ♄ natal Saturn

Right now you feel caught between wanting to act and needing to hold back, which makes simple tasks feel awkward and **requires extra patience with yourself**. Your timing seems off in practical situations—you push forward when you should wait, or delay when speed matters—and this mismatch can frustrate you. Over the coming weeks, the best approach is to slow down and double-check your plans before moving forward, because your instincts are unreliable during this period.

♄ Saturn ☌ Conjunction ♊ natal NNode

These days you're noticing that your social circle is shrinking or becoming more selective. You feel less interested in people-pleasing and more willing to drop relationships that don't feel genuine. This shift toward **honest evaluation of your connections** will likely continue over the coming weeks as *Saturn* tightens its grip on your *North Node*.

♅ Uranus ☐ Square ♄ natal Saturn

You feel a strong urge to break free from rules and structures you have relied on, even though loosening them creates real practical problems. **You become impatient with anything that feels restrictive**, whether it's a job routine, a commitment, or a financial plan you built carefully. Over the coming weeks, this friction between your need for stability and your need for change will push you to make decisions you have not fully thought through, and you will likely feel the consequences in your responsibilities or reputation.

☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun ☌ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun ☐ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.
