## KEY TRANSIT FACTORS

### ☿ Mercury ☐ Quincunx ☾ natal Moon ★

Right now your thoughts and your feelings are working at cross purposes, so you say one thing while sensing something different underneath. You might find yourself explaining yourself repeatedly to people because your words do not quite match what you actually feel, creating **awkward misunderstandings in conversations**. Over the coming weeks, paying attention to this gap between what you think and what you feel will help you communicate more clearly.

### ☿ Mercury ∠ Semi sextile ♆ natal Neptune ★

Right now your mind is picking up on things you normally miss, and you're finding it easier to **connect the dots between different ideas**. Your conversations have a natural flow to them these days because *Mercury* and *Neptune* are working together to make your words feel intuitive and gentle. Over the coming weeks this can help you explain complicated feelings or understand what someone else really means beneath what they're saying.

### ☿ Mercury ☐ Square ♇ natal Pluto ★

Right now your conversations tend to become intense and you dig into uncomfortable truths that others would rather leave alone. You feel compelled to **expose hidden motives and hidden problems**, which makes people defensive or angry with you. Over the coming weeks, this blunt way of communicating will cost you socially unless you learn to hold back what you think.

### ☿ Mercury ★ Sextile ♅ natal Uranus ★

Your mind is working faster than usual right now, and you naturally spot connections others miss. You find it easier to explain unusual ideas clearly, and people actually listen instead of dismissing you as too different. This is a good window to **pitch new concepts at work, write up those unconventional plans, or have honest conversations about how you want to change things**.

### ☉ Sun ☐ Square ♁ natal Chiron ★

These days you're more aware of where you feel inadequate or hurt, and this awareness is uncomfortable rather than helpful. You might find yourself **withdrawing from situations where you feel exposed or judged**, even if no one is actually criticizing you. Over the coming weeks, this self-doubt can make ordinary tasks feel harder than they should be, though it usually passes once the transit moves on.

### ☿ Mercury Rx · ♏ Capricorn

Professional communications and career-related decisions are prone to misalignment right now. Contracts, applications, or plans that seemed finalized may need revisiting before they are acted on. The careful checking you do now prevents public errors later.

☉ Sun ☌ Semi sextile ♂ Mars

These days you feel **motivated to take small steps forward** without forcing things or burning out. Your practical energy matches what you actually want to do right now, so starting a project or having a difficult conversation feels less exhausting than usual. This is a good window to build momentum on something you care about while the effort still feels natural.

☉ Sun \* Sextile ♃ Jupiter

These days you feel more **willing to take reasonable risks** and try things you've been putting off. People around you seem more generous with their time and help, making it easier to move forward on practical goals. This period brings a straightforward boost to your confidence without the pressure to overcommit or perform.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

LUNAR DAY

Moon in ♉ Taurus · Day 9 / 30 · First Quarter

**The pace slows considerably** during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.
