KEY TRANSIT FACTORS

☾ Moon △ Trine ♆ Neptune ★

These days you find it easier to **listen to what people actually need instead of what they say**, and conversations feel less defensive on both sides. Your emotional reactions are softer right now, so small annoyances don't trigger the same quick frustration they normally would. This is a good window for talking through something difficult because you're naturally more patient and people sense you're genuinely trying to understand them.

♄ Saturn * Sextile ☿ natal Mercury

Your thinking becomes clearer and more practical right now, letting you organize your thoughts in ways that actually work. You're naturally **more careful with details and less prone to overlooking things**, which helps your writing, planning, or problem-solving feel more solid. This is a good window to tackle anything that needs patience and precision, since your mind is working in your favor rather than against you.

☿ Mercury □ Quincunx ♂ natal Mars

Over the coming weeks, you'll notice your words and actions don't quite line up the way you expect. You might say something that comes across too blunt, or realize mid-sentence that what you meant to express sounds completely different out loud. This **mismatch between intention and delivery** creates small friction in conversations, especially when you're trying to get something done or persuade someone to your side.

♃ Jupiter △ Trine ♄ natal Saturn

You find it easier right now to follow through on plans you've been putting off because **you're motivated without feeling rushed**. Your confidence in what you can actually do grows, so you stop second-guessing yourself and just move forward. Over the coming weeks, this steadiness pays off—projects gain real momentum and you see concrete results.

♂ Mars □ Square ♂ natal Mars

Right now you feel **irritable and quick to react** to small frustrations that normally wouldn't bother you. Your impatience makes it hard to work through tasks methodically, and you might snap at people or rush into decisions you later regret. This friction between what you want to do immediately and what actually needs doing tends to create conflict at work and at home over the coming weeks.

♆ Neptune □ Quincunx ♂ natal Mars

Over the coming weeks, you may find your usual drive and confidence feel slightly out of sync with what's actually happening around you. Your instinct to act or push forward keeps bumping up against situations that need a softer touch or more patience than you'd normally give them. **You're more likely to second-guess your own strength**, which can work either way—sometimes holding back saves you trouble, and sometimes it just creates frustration with yourself.

› Moon △ Trine ♃ Mercury

Right now it feels easier to say what you actually mean without stumbling over your words or worrying what others will think. Your **thoughts match your feelings**, so conversations flow naturally and people understand you the first time. This is a good window for sorting through something confusing, making plans, or having an honest talk that you have been putting off.

› Moon ☌ Opposition ♂ Mars

Right now your **irritability is running high** and small annoyances feel like major problems. People around you seem to trigger you faster than usual, and you may snap at them or pick fights without meaning to. These days the gap between what you feel and what you're actually able to do creates real frustration, so patience is thin on the ground for everyone.

LUNAR DAY

Moon in ♉ Taurus · Day 9 / 30 · First Quarter

The pace slows considerably during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.
