## KEY TRANSIT FACTORS

### ♅ Uranus △ Trine ☾ natal Moon

You feel oddly comfortable with change right now, even when it comes suddenly. Your **emotional reflexes are fast** — you notice what you actually want instead of what you think you should want, and that clarity helps you make quick practical decisions. Over the coming weeks, people around you will probably notice that you seem more relaxed about shaking things up, whether that means rearranging your home, trying a different routine, or having honest conversations you've been putting off.

### ♅ Uranus ♂ Conjunction ♆ natal Neptune

Right now you may find it harder to stick to routines or long-term plans because your thoughts keep shifting between different possibilities. You feel **restless with what's familiar** and want to try new approaches even if you haven't thought them through completely. These days your practical decisions can feel uncertain, so it helps to write things down and check them again before acting.

### ♃ Jupiter ♂ Conjunction ☉ natal Sun

You feel more confident in social situations and willing to take on bigger responsibilities at work or home. People tend to respond well to you right now, and you're less likely to doubt yourself before speaking up. Over the coming weeks, you might find yourself saying yes to opportunities you would normally hesitate about.

### ♃ Jupiter ♂ Conjunction ♀ natal Venus

Over the coming weeks, you're more **generous with your time and attention**, and people respond by wanting to be around you more often. You feel less critical of yourself and others, which makes social situations feel easier and less exhausting. This is a practical window to deepen relationships or make a good impression, since you're naturally more likeable right now.

### ♇ Pluto □ Square ☉ natal Sun

You're feeling **unusually defensive about who you are** and what you believe in right now. People seem to be challenging your authority or questioning your choices in ways that sting more than usual, and you find yourself either backing down or pushing back harder than makes sense. Over the coming weeks, you'll need to watch whether you're holding your ground for real reasons or just because someone rattled you.

### ☉ Sun □ Square ♅ Uranus

Right now you are more **restless and impatient with routine**, which makes it harder to stick to normal responsibilities or follow through on what you started. You want to break free from constraints, but the practical world does not cooperate, so you feel trapped between what you want to do and what you have to do. This psychological friction can push you toward reckless decisions if you do not find a safe outlet for the urge to rebel.

› Moon △ Trine ♃ Mercury

Right now it feels easier to say what you actually mean without stumbling over your words or worrying what others will think. Your **thoughts match your feelings**, so conversations flow naturally and people understand you the first time. This is a good window for sorting through something confusing, making plans, or having an honest talk that you have been putting off.

› Moon □ Square ♀ Venus

Right now your **emotional needs feel at odds with what you actually want** — you might crave closeness but feel irritable when someone gets near, or want to be alone but then feel rejected. This mismatch between *Moon* and *Venus* makes it harder to communicate what you need without sounding demanding or cold. Over the coming weeks, pay attention to these moments so you can spot the pattern and name it out loud before resentment builds up.
