KEY TRANSIT FACTORS

☿ Mercury * Sextile ☽ natal Uranus ★

Your mind is working faster than usual right now, and you naturally spot connections others miss. You find it easier to explain unusual ideas clearly, and people actually listen instead of dismissing you as too different. This is a good window to **pitch new concepts at work, write up those unconventional plans, or have honest conversations about how you want to change things.**

☿ Mercury ☐ Square ♇ natal Pluto ★

Right now your conversations tend to become intense and you dig into uncomfortable truths that others would rather leave alone. You feel compelled to **expose hidden motives and hidden problems**, which makes people defensive or angry with you. Over the coming weeks, this blunt way of communicating will cost you socially unless you learn to hold back what you think.

☿ Mercury ☒ Quincunx ☾ natal Moon ★

Right now your thoughts and your feelings are working at cross purposes, so you say one thing while sensing something different underneath. You might find yourself explaining yourself repeatedly to people because your words do not quite match what you actually feel, creating **awkward misunderstandings in conversations.** Over the coming weeks, paying attention to this gap between what you think and what you feel will help you communicate more clearly.

♅ Uranus △ Trine ♁ natal Chiron

Right now you find it easier to **talk about things that usually stay hidden**, and people respond well when you do. Your practical understanding of what went wrong in past situations sharpens, letting you explain your own patterns without judgment. Over the coming weeks this shift in clarity can help you move through old hurts in a straightforward way rather than getting stuck in them.

☾ Moon ☒ Quincunx ☉ natal Sun

Right now your mood and your sense of purpose are out of sync, so you feel restless even when things are going well. You might **second-guess decisions you normally feel confident about**, or find yourself irritable with people who don't understand what you need. These feelings will pass in a week or two, but until then you'll work better if you accept the discomfort rather than trying to fix it.

♃ Jupiter **Rx** · ♉ Taurus

Material growth and financial expansion slow during this period, encouraging a more careful review of resources and values. Over-commitments made in a spirit of optimism may now feel burdensome. Consolidating what you have is more productive now than reaching for more.

☉ Sun ☌ Opposition ☾ Moon

Right now you feel pulled in two directions at once, and it's hard to know what you actually want. You might notice yourself **acting one way in public and feeling something completely different inside**, which creates an awkward tension you can't ignore. This split between what you're showing others and what you're experiencing privately tends to make decisions feel impossible until the aspect passes.

☉ Sun ☌ Quincunx ♃ Jupiter

These days you feel pulled between wanting to take action and doubts about whether you're doing enough, which can leave you **restless and second-guessing your choices**. Your confidence in what you're doing right now doesn't quite match what you think you should be doing, so you might start something and then hesitate or change direction. This mismatch between your actual situation and your sense of what's possible tends to create practical friction rather than clear obstacles.

☉ Sun ☌ Conjunction ♄ Saturn

Right now you are more aware of your own limits and what you actually need to do versus what you want to do. You become **more serious about your responsibilities** and less interested in shortcuts or excuses. This is a practical time to make concrete progress on something that matters, even if it feels slow or requires discipline.
