KEY TRANSIT FACTORS

☉ Sun ☿ Opposition ♂ Mars ★

Right now you feel **blocked when you try to act**, as if something outside you is pushing back against what you want to do. People around you seem more irritable and quick to argue, and small disagreements can blow up into real conflict without much warning. This period tests whether you can stay patient with obstacles instead of forcing your way through them.

♂ Mars △ Trine ♀ natal Venus

Right now you find it much easier to **ask for what you want** without feeling guilty or defensive about it. Your social confidence is naturally higher, and people respond well to the directness and warmth you're putting out. Over these coming weeks, you might notice yourself saying yes to invitations or making plans you'd normally hesitate about, and things tend to go smoothly when you do.

♁ Chiron ∟ Semi sextile ♃ natal Jupiter

Over the coming weeks, you find it easier to **bounce back from setbacks** without dwelling on what went wrong. A practical optimism kicks in where you normally second-guess yourself, and you naturally focus on what you can do next instead of rehashing mistakes. This small shift in your psychological resilience makes daily frustrations feel less personal and more like problems you can actually solve.

♊ NNode □ Square ♁ natal Chiron

Right now you are **bumping up against your own defensive patterns** in social situations and group settings. You feel pulled toward new connections and directions, but old hurts make you hesitant to actually move forward or trust what is emerging. Over the coming weeks, this friction will keep showing you exactly where you protect yourself instead of risking something real.

☾ Moon ★ Sextile ☿ natal Mercury

Your thinking feels clearer than usual right now, and you find it easier to say what you actually mean in conversations. People respond well because you're coming across as both honest and considerate, not just logical or detached. This is a good window to **handle difficult talks, ask for what you need, or explain something you've been putting off** — your words land better when *the Moon* and *Mercury* work this way.

♇ Pluto □ Square ☾ natal Moon

You feel unusually disconnected from people you're close to, as if you cannot quite let them comfort you the way you normally would. Your **emotional walls go up automatically**, and you may withdraw or push away support even when you need it. Over the coming weeks, this psychological distance can strain your relationships unless you notice what is happening and make an effort to stay connected despite the discomfort.

♂ Mars Rx · ♀ Gemini

Energy scatters across too many directions right now, making sustained effort on a single goal unusually difficult. Arguments or miscommunications can flare up without clear cause, and the frustration of divided attention builds quickly. Choose one or two priorities and protect them from the rest during this period.

☉ Sun ∟ Semi sextile ☿ Uranus

These days you find it easier to **try something different without overthinking it**. Small changes feel natural right now, whether that's taking a new route to work or suggesting a fresh idea in a conversation. This mild alignment between *the Sun* and *Uranus* gives you just enough confidence to break routine without feeling reckless.

☉ Sun * Sextile ♁ NNode

Right now you find it easier to **say yes to opportunities that feel natural** instead of forcing yourself into situations that do not fit you. People around you notice you are more relaxed about taking small steps forward, and you move with less self-doubt. This period supports you in choosing what actually matches who you are becoming, rather than chasing what you think you should want.

LUNAR DAY

Moon in ♋ Pisces · Day 9 / 30 · First Quarter

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
