## KEY TRANSIT FACTORS

### ☾ Moon △ Trine ♆ natal Neptune ★

Your **imagination feels more accessible right now**, and creative ideas come to you more easily than usual. You're also more **attuned to what people around you need emotionally**, picking up on moods and unspoken feelings without effort. These days your intuition works in your favour, especially when you're making decisions or trying to understand a difficult situation.

### ☾ Moon ★ Sextile ♇ natal Pluto ★

Right now you find it easier to talk about things that usually feel too difficult or personal. Your **willingness to be honest** about what you actually feel creates real connection with the people around you. Over the coming weeks, this openness helps you work through old emotional patterns without getting stuck in them.

### ☾ Moon □ Square ♅ natal Uranus ★

Right now you feel restless and irritable in ways that don't match your usual mood, making you **snap at people over small things** and struggle to sit still. Your need for sudden change clashes with what you actually need emotionally, so you might suddenly want to quit something or push away someone close to you without being clear why. These feelings will pass in a few days, but while they last you'll need to notice the impulse to act on them rather than act immediately.

### ☾ Moon ♁ Quincunx ☿ natal Mercury ★

Over the coming weeks, you find it hard to say exactly what you mean even though you know what you're thinking. Your words come out **awkward or incomplete**, and people sometimes misunderstand you or ask you to repeat yourself. This mismatch between what's in your head and what comes out of your mouth will pass, but right now it's worth slowing down and checking that others actually understand you before moving on.

### ♂ Mars □ Square ♄ natal Saturn

Right now you feel **blocked and frustrated** when you try to move forward on anything that matters to you. You push hard, but something keeps pushing back — maybe it's a person, a rule, or just bad timing — and the harder you try, the more stuck you feel. Over the coming weeks, you'll have to learn to work within limits instead of against them, or you'll burn yourself out for no gain.

### ☉ Sun ★ Sextile ♄ Saturn

Right now you find it easier to follow through on what you say you'll do, and people notice you're more reliable than usual. Your practical judgement is sharp, so **you can see what actually needs to happen** instead of getting distracted by what sounds exciting. This is the kind of period where effort pays off directly, so if you've been putting something off, the conditions are there to make real progress without burning yourself out.

### ☉ Sun △ Trine † Chiron

Right now you find it easier to **talk about what actually happened to you** without getting defensive or ashamed. Your practical ability to understand your own patterns improves, and you can explain your mistakes to others without needing to apologize repeatedly. This makes conversations feel clearer and less emotionally exhausting than usual.

### ☾ Moon △ Trine ♃ Mercury

Right now it feels easier to say what you actually mean without stumbling over your words or worrying what others will think. Your **thoughts match your feelings**, so conversations flow naturally and people understand you the first time. This is a good window for sorting through something confusing, making plans, or having an honest talk that you have been putting off.
