## KEY DATE

### ♀ Venus enters ♋ Pisces

Venus in Pisces makes people **softer and more forgiving** in how they treat others, so you might find yourself saying yes to requests you'd normally turn down or letting old arguments go without needing to rehash them. In relationships and work, this transit brings **less direct communication** — people get quieter, drop hints instead of asking straight out, and assume others understand what they want without saying it. Venus here also pulls attention toward **feeling appreciated through small gestures** like a text check-in or someone remembering how you take your coffee, rather than big declarations or expensive gifts.

## KEY TRANSIT FACTORS

### ☾ Moon △ Trine ♆ natal Neptune ★

Your **imagination feels more accessible right now**, and creative ideas come to you more easily than usual. You're also more **attuned to what people around you need emotionally**, picking up on moods and unspoken feelings without effort. These days your intuition works in your favour, especially when you're making decisions or trying to understand a difficult situation.

### ☾ Moon ★ Sextile ♇ natal Pluto ★

Right now you find it easier to talk about things that usually feel too difficult or personal. Your **willingness to be honest** about what you actually feel creates real connection with the people around you. Over the coming weeks, this openness helps you work through old emotional patterns without getting stuck in them.

### ☾ Moon □ Square ♅ natal Uranus ★

Right now you feel restless and irritable in ways that don't match your usual mood, making you **snap at people over small things** and struggle to sit still. Your need for sudden change clashes with what you actually need emotionally, so you might suddenly want to quit something or push away someone close to you without being clear why. These feelings will pass in a few days, but while they last you'll need to notice the impulse to act on them rather than act immediately.

### ☾ Moon ♁ Quincunx ♃ natal Mercury ★

Over the coming weeks, you find it hard to say exactly what you mean even though you know what you're thinking. Your words come out **awkward or incomplete**, and people sometimes misunderstand you or ask you to repeat yourself. This mismatch between what's in your head and what comes out of your mouth will pass, but right now it's worth slowing down and checking that others actually understand you before moving on.

### ♁ Chiron □ Square ☾ natal Moon

Right now you're more aware of emotional wounds you usually ignore, and that awareness feels uncomfortable rather than helpful. You might find yourself **withdrawing from people or snapping at them unexpectedly** because your usual emotional coping methods aren't working. Over the coming weeks, this friction is pushing you to look at how you actually handle upset instead of just moving past it.

### ♿ Mercury Rx · ♈ Aries

Communication gets impulsive and then regretted during this period. You may speak before thinking, send messages in haste, or make decisions based on incomplete information. Revisiting plans rather than rushing forward is more productive than it feels right now.

### ☉ Sun Δ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

### ☉ Sun ♂ Conjunction ♿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

### ☉ Sun ∟ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.
