## KEY TRANSIT FACTORS

### ♁ Chiron qx Quincunx ♁ natal Chiron

Over the coming weeks, you might notice old hurts or tender spots suddenly feel awkward or misaligned in new situations. You're **reassessing how you've handled past pain**, and what worked before may not fit anymore. This mismatch can feel uncomfortable, but it's actually showing you where your coping strategies need to shift.

### ♄ Saturn qx Quincunx ♁ natal NNode

Right now you feel caught between what you're naturally drawn to and what actually works in practice. You notice yourself second-guessing choices that normally feel easy, which creates an awkward gap between your instincts and your actions. This **mismatch between intention and follow-through** will fade once *Saturn* moves past this angle, but while it lasts you benefit from checking your decisions twice rather than trusting your first instinct.

### ♅ Uranus Δ Trine ♇ natal Pluto

You find yourself **taking practical action on changes you've wanted to make** without getting stuck in overthinking or self-doubt. This period brings a natural confidence that old patterns no longer serve you, so you move forward with less resistance than usual. Over the coming weeks, you're more likely to follow through on those shifts you've been planning instead of just talking about them.

### ☾ Moon Δ Trine ♁ natal NNode

Right now you find it easier to **trust your instincts about what matters to you**, and other people respond well to that confidence. Your emotional needs and your sense of direction feel aligned for once, so you naturally gravitate toward people and situations that fit who you actually are. Over the coming weeks, this makes social connections feel less forced and more genuine.

### ♇ Pluto \* Sextile ♁ natal NNode

Over the coming weeks, you find it easier to **let go of habits that no longer fit who you're becoming**. People respond to a quiet confidence in you right now, and you naturally attract opportunities that align with what you actually want. This is a good time to make practical changes to your life direction without overthinking them.

### ♂ Mars Rx · ♎ Libra

Asserting your needs in relationships feels harder than usual right now, and unresolved conflicts tend to resurface. Avoiding direct confrontation can build passive tension that eventually requires release. Honest conversations about what is and is not working in close partnerships are more useful now than they feel.

### ☉ Sun qx Quincunx ♂ Mars

At the moment, you feel driven to act but something keeps pulling your attention in a different direction, making it hard to move forward with any single plan. Your usual way of doing things no longer feels quite right, and you have to keep adjusting your approach as you go. This mismatch between what you want to do and what actually works creates a practical friction that requires patience and small corrections rather than big changes.

☉ Sun ☌ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

☾ Moon ☌ Semi sextile ☿ Mercury

These days your thoughts and feelings are **naturally aligned**, so what you say matches what you actually feel inside. You find it easier to explain what is bothering you or what you need without getting confused or defensive. This makes conversations smoother because people understand you the first time instead of having to guess what you mean.

LUNAR DAY

Moon in ♊ Gemini · Day 2 / 30 · New Moon

**Social activity picks up** for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.
