KEY DATE

♇ Pluto stations Direct

When *Pluto* stations direct, **stuck situations finally start to shift** — whether that's a delayed decision at work, a relationship stalemate, or a project waiting for approval. *Pluto* retrograde tends to lock things in place, so you'll notice **momentum returning** and people becoming willing to commit or move forward where they've been hesitant. Over the next few weeks, whatever felt **blocked or unclear becomes easier to see and act on**, though real change still takes time.

KEY TRANSIT FACTORS

♄ Saturn △ Trine ♁ natal Chiron ★

Right now you are **more willing to sit with your own pain without needing to fix it immediately**, which lets you actually learn from past hurts instead of just moving past them. This practical acceptance means you can talk about difficult experiences with less defensiveness and help others do the same. Over the coming weeks, what once felt raw or tender becomes something you can work with directly.

♄ Saturn ∟ Semi sextile ♂ natal Mars ★

Right now you're noticing that your efforts produce real results without requiring you to push as hard as usual. **You're working more efficiently**, and tasks that normally frustrate you feel manageable because you're approaching them with more patience than typical. Over the coming weeks, this steady support from *Saturn* to your *Mars* makes it easier to follow through on commitments without burning out.

♅ Uranus ★ Sextile ♀ natal Mercury ★

Right now your mind is unusually **quick to spot patterns and make unexpected connections** between ideas that normally seem separate. You find yourself asking better questions in conversations and coming up with solutions that feel genuinely original rather than recycled. Over the coming weeks, this clarity gives you real confidence to speak up in meetings or try explaining something you've been hesitant to tackle before.

☾ Moon qx Quincunx ♀ natal Mercury ★

Over the coming weeks, you find it hard to say exactly what you mean even though you know what you're thinking. Your words come out **awkward or incomplete**, and people sometimes misunderstand you or ask you to repeat yourself. This mismatch between what's in your head and what comes out of your mouth will pass, but right now it's worth slowing down and checking that others actually understand you before moving on.

♅ Uranus qx Quincunx ♇ natal Pluto

You feel an odd restlessness about situations you thought you had under control, and you're picking up on small details that suddenly seem important. Your impulse is to shake things up or take back power, but the timing never quite feels right, leaving you **frustrated by your own hesitation**. Over the coming weeks, small adjustments to your approach will work better than any dramatic move.

♀ Venus Rx · ♌ Leo

The need for admiration and recognition in relationships surfaces more strongly right now, sometimes in ways that surprise you. Past romantic connections or unresolved questions about self-worth may return during this period. Examining what you genuinely offer in relationships is more useful than seeking external validation.

☉ Sun ☾ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ☐ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

☉ Sun ☐ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

★ = natal resonance — this transit echoes your birth chart, amplifying its influence

LUNAR DAY

Moon in ♌ Leo · Day 27 / 30 · Waning Crescent

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
