KEY DATE

☿ Mercury enters ♌ Leo

Mercury in *Leo* makes people talk more **directly and with confidence**, so conversations at work or home tend to feel bolder and less cautious than usual. When someone speaks up during this transit, they usually **want to be heard** and remembered, which means they pick words for impact rather than softness. In practice, this shows up as **clearer requests, firmer opinions**, and less apologizing—though it can also mean people interrupt more or push their point when they should listen.

KEY TRANSIT FACTORS

♇ Pluto * Sextile ♅ natal Uranus

Right now you find yourself **willing to act on ideas you've been sitting with for months**, and the practical timing seems to line up surprisingly well. You're more comfortable than usual taking small risks or changing routines that no longer work, and people around you notice you seem decisive instead of stuck. These days this period gives you real momentum to experiment with new approaches in your work or daily habits without the usual second-guessing holding you back.

☿ Mercury ☐ Square ♄ natal Chiron

While this lasts, you find yourself **rehashing old hurts in conversations** without meaning to. You say things that accidentally trigger people or bring up painful topics you thought you'd moved past. This period can feel frustrating because your words seem to land wrong, even when you're trying to help or connect.

♁ NNode △ Trine ☿ natal Mercury

These days you find it easier to **say what you actually mean** without overthinking or second-guessing yourself. Your conversations flow more naturally, and people seem to understand you better than usual because you're communicating more clearly and directly. Over the coming weeks, this clarity helps you connect with others on practical matters, whether that's settling a disagreement, explaining something important, or just being heard in a group.

♇ Pluto ☐ Square ♇ natal Pluto

Right now you are **fighting against your own need to control things**, and this makes everyday situations feel like power struggles. You might find yourself pushing harder in relationships or at work, only to meet resistance that frustrates you more. While this lasts, the practical lesson is that forcing your agenda does not work—stepping back and observing what is actually happening around you will show you where you have real influence and where you do not.

☿ Mercury ♂ Conjunction ♂ natal Mars

Your mind is moving faster than usual right now, and you're more **direct and blunt in conversation** without meaning to offend. You say what you think immediately instead of filtering, which can help you cut through confusion but also create friction with people who prefer a gentler approach. Over the coming weeks, you'll notice you have more mental drive for arguments and debate, so use it on problems that actually need solving rather than picking fights.

♄ Saturn Rx · ♐ Sagittarius

Beliefs that have been functioning as unexamined rules are being tested for their actual utility right now. Long-term plans based on optimistic assumptions may need grounding in more realistic evaluation. Honest review of what you have committed to — in education, philosophy, or travel — is more productive than continuing forward without looking back.

☉ Sun △ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

☉ Sun △ Trine ♂ Mars

Right now you feel **capable and ready to act** on things you've been thinking about. You have the psychological boost to start projects or push through obstacles without burning out or getting frustrated. This period makes practical effort feel natural instead of forced.

☉ Sun * Sextile ♃ Jupiter

These days you feel more **willing to take reasonable risks** and try things you've been putting off. People around you seem more generous with their time and help, making it easier to move forward on practical goals. This period brings a straightforward boost to your confidence without the pressure to overcommit or perform.

LUNAR DAY

Moon in ♏ Scorpio · Day 10 / 30 · First Quarter

Psychological intensity rises for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.
