## KEY TRANSIT FACTORS

### ☿ Mercury ☐ Square ♇ natal Pluto ★

Right now your conversations tend to become intense and you dig into uncomfortable truths that others would rather leave alone. You feel compelled to **expose hidden motives and hidden problems**, which makes people defensive or angry with you. Over the coming weeks, this blunt way of communicating will cost you socially unless you learn to hold back what you think.

### ♂ Mars ☐ Opposition ☉ natal Sun ★

Right now you're running into more resistance than usual, especially from people who see things differently than you do. You might feel **frustrated that others are blocking your plans** or disagreeing with your choices, even when you feel certain you're right. This friction won't last, but these weeks are asking you to slow down and pick your battles instead of pushing forward on every front.

### ♄ Saturn ☐ Conjunction ☾ natal Moon

You're feeling more **serious and withdrawn** right now, and your usual emotional needs feel heavier than normal. You might notice you're less interested in socializing or seeking reassurance, and instead you want to handle things alone and think things through carefully. This period pushes you to look at your emotional life more honestly, even if it feels uncomfortable or makes you seem quieter than usual.

### ☿ Mercury ☐ Opposition ♃ natal Mercury

Over the coming weeks, your thinking becomes scattered and your words often miss the mark with other people. You find yourself arguing over small details, misunderstanding what others mean, and struggling to explain what you actually want. This **mental friction** pushes you to slow down and check your assumptions before you speak, even though it feels frustrating right now.

### ♄ Saturn ☐ Trine ♆ natal Neptune

Right now you are able to **turn your daydreams into actual plans** without losing the creative spark that usually gets lost in paperwork. Your intuition becomes practical instead of vague, so you can trust those gut feelings enough to act on them. Over the coming weeks, this is the time to start that project you have been imagining but never quite beginning.

### ☉ Sun ☐ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

### ☉ Sun ☐ Semi sextile ♂ Mars

These days you feel **motivated to take small steps forward** without forcing things or burning out. Your practical energy matches what you actually want to do right now, so starting a project or having a difficult conversation feels less exhausting than usual. This is a good window to build momentum on something you care about while the effort still feels natural.

☉ Sun  $\angle$  Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

LUNAR DAY

Moon in ♏ Scorpio · Day 12 / 30 · Waxing Gibbous

**Psychological intensity rises** for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.
