## KEY TRANSIT FACTORS

## ♆ Neptune ∠ Semi sextile ♃ natal Uranus · peak 28 Feb ★

Your **imagination becomes practical** during this period, and ideas that normally stay stuck in your head suddenly feel doable. You find yourself sketching out plans for changes you want to make, whether that's rearranging your space or trying something new at work. This is a good window to turn those creative thoughts into actual steps forward, because right now your daydreams have real traction.

## ♄ Chiron △ Trine ♄ natal Saturn · peak 28 Feb ★

You are finding it easier to accept your own limitations without feeling like you have failed. **You take a practical approach to your weaknesses** and see them as useful information rather than proof of inadequacy. Over the coming weeks, this shift in perspective makes it simpler to plan realistic goals and stick to them without the usual self-criticism getting in your way.

## ♆ Neptune \* Sextile ♇ natal Pluto · peak 28 Feb ★

Right now you find it easier to let go of situations that no longer serve you without drama or resistance. You notice you're **releasing old patterns quietly**, almost without effort, because you can see clearly why they needed to change. This period supports practical transformation where you move forward steadily instead of getting stuck in what used to be.

## ♆ Neptune ∠ Semi sextile ☿ natal Mercury · peak 1 Feb ★

Right now your thinking becomes **more flexible and open to new ideas**, and you find yourself noticing details you usually miss in conversations and written information. Your mind feels more creative when problem-solving, and you're less likely to dismiss unusual suggestions out of hand. Over the coming weeks, this softer mental state helps you communicate in a gentler way and pick up on what people really mean underneath their words.

## ♇ Pluto □ Square ☿ natal Mercury · peak 1 Feb ★

Right now you are **second-guessing everything you say**, replaying conversations and worrying you have said too much or the wrong thing. Your mind feels heavy and suspicious, making you reluctant to share your thoughts or ask for what you need. Over the coming weeks, this paranoia about communication can isolate you from the people around you unless you push through the discomfort and speak anyway.

## ♆ Neptune △ Trine ☾ natal Moon · peak 28 Feb ★

Right now your **emotional intuition is unusually reliable**, and you find yourself understanding what people need without them having to spell it out. Your relationships feel more natural and less effortful during this period, as if you are picking up on unspoken feelings with ease. Over the coming weeks, this sensitivity works in your favour in conversations where you need to be gentle or reassuring.

#### ♄ Chiron ☐ Square ♂ natal Mars · peak 28 Feb ★

Right now you're running into situations where your usual way of pushing forward feels blocked or clumsy, and you're **second-guessing your own strength**. You might notice old injuries or physical vulnerabilities flaring up, or you feel awkward and uncertain when you'd normally act with confidence. Over the coming weeks, this friction between doubt and action can actually show you where you're forcing things instead of thinking them through first.

#### ♇ Pluto ∟ Semi sextile ☽ natal Uranus · peak 1 Feb ★

These days you're picking up on small ways you could shake up your routines without upending your whole life, and you're **moving on these ideas gently instead of fighting yourself**. A shift you've been resisting for months suddenly feels possible because you see how to do it step by step rather than all at once. Over the coming weeks, you'll likely surprise yourself with how much you can actually change when you stop waiting for permission.

#### ♇ Pluto \* Sextile ☾ natal Moon · peak 1 Feb ★

You find it easier right now to talk about what you actually feel instead of keeping things hidden. Your **emotional honesty** comes across as natural and calm, so people listen and respond well. Over the coming weeks, this means conversations with family or close friends become more real and less guarded.

#### ☿ Mercury ☐ Quincunx ☾ natal Moon · peak 1 Feb ★

Right now your thoughts and your feelings are working at cross purposes, so you say one thing while sensing something different underneath. You might find yourself explaining yourself repeatedly to people because your words do not quite match what you actually feel, creating **awkward misunderstandings in conversations**. Over the coming weeks, paying attention to this gap between what you think and what you feel will help you communicate more clearly.

#### ♁ NNode △ Trine ♃ natal Jupiter · peak 21 Feb

These days you're naturally drawn toward people and situations that expand your world in practical ways. You find yourself **saying yes to opportunities** that normally would feel risky, and they tend to work out because you're reading social situations more accurately than usual. This is a good window to pursue something you've been putting off — a conversation, a course, a connection — because your timing and judgment are genuinely sharper right now.

#### ♄ Chiron \* Sextile ♃ natal Jupiter · peak 1 Feb

You find it easier right now to talk about past disappointments without getting stuck in them. Your natural ability to look forward and find the practical lesson in what went wrong is stronger than usual. Over the coming weeks, this becomes a genuine resource—you can help others see their setbacks as useful information rather than permanent failures.

#### ♁ NNode \* Sextile ♄ natal Saturn · peak 1 Feb

You find it easier right now to **follow through on commitments without getting sidetracked**, whether at work or in your personal projects. The practical support from *Saturn* meeting the direction of the *North Node* means you can actually stick to a plan instead of abandoning it halfway. Over the coming weeks, this steadiness helps you build real credibility with people who matter to you.

#### ♄ Saturn ☐ Quincunx ☿ natal Mercury · peak 1 Feb

Right now your thinking feels clumsy and slow compared to how you normally operate. You have to work harder to organize your thoughts or explain yourself clearly, even when you know what you mean. This awkward phase lasts a few weeks and usually passes once you stop fighting the slower pace and just accept that communication takes more effort at the moment.

#### ♆ Neptune ♂ Conjunction ♆ natal Neptune · peak 28 Feb

Your sense of what is real and what is imaginary gets softer right now, and you may find yourself **less certain about your own perceptions** than usual. You might notice your boundaries with other people becoming blurry, or you feeling pulled into situations without fully understanding how you got there. Over the coming weeks, your practical judgment works best when you double-check your assumptions and avoid making big commitments based on intuition alone.

#### ♄ Saturn Rx · ♌ Leo

Ambition and the structures supporting creative or public expression face an honest review during this period. Recognition that has been slow to arrive may be prompting important reassessment of your goals or methods. Internal validation serves you more right now than seeking external acknowledgment.

#### LUNATIONS

○ Full Moon · Thursday, 3 Feb

in ♌ Leo

recognition, drama, creative culmination

in H3 — Communication & Learning

A conversation, agreement, or learning process is reaching its culmination. Something that has been said or left unsaid is **demanding honest attention now**. The full moon illuminates your immediate environment — siblings, neighbors, short journeys, messages, and everyday exchanges. A truth that's been circling may finally land clearly. This is a moment to **complete a piece of writing, resolve a local dispute, or have the direct conversation** you've been avoiding.

● New Moon · Friday, 18 Feb

in ♒ Aquarius

innovation, social ideals, future direction

in H10 — Career & Reputation

A major new chapter in your professional life and public reputation is beginning. This lunation plants seeds around **career direction, achievements, and how you're perceived by the world**. Goals you set now and steps you take toward your ambitions have greater traction than usual. If you've been waiting for the right moment to make a career move, pursue recognition, or clarify your professional direction, this lunation gives it meaningful momentum.

#### KEY DATES

**Tue, 1 Feb** † Chiron \* Sextile ♃ natal Jupiter

♊ NNode \* Sextile ♄ natal Saturn

♇ Pluto □ Square ♿ natal Mercury

**Wed, 2 Feb** ♀ Venus enters ♈ Aries

*Venus* in *Aries* tends to make people more **direct about what they want**, especially in relationships and social situations where they'd normally hold back. You might notice yourself **speaking up sooner** instead of waiting or overthinking, and others responding to that straightforward approach. At work and in friendships, this transit often brings **faster decisions** and less time spent on small talk or people-pleasing.

**Thu, 3 Feb** Full Moon in Leo

**Wed, 9 Feb** ♂ Mars enters ♒ Aquarius

*Mars* in *Aquarius* pushes people to **act on ideas** rather than emotions, so you'll notice a shift toward logical problem-solving and less patience for traditional ways of doing things at work or in groups. In relationships and conversations, this transit brings **directness about independence** — people tend to state what they want without softening it, which can feel refreshing or blunt depending on who you're talking to. The pattern is that **group projects and teamwork** become more appealing than solo efforts, even though *Mars* here makes people more willing to disagree with the group if they think something's wrong.

**Fri, 11 Feb** ♃ Mercury enters ♒ Aquarius

*Mercury* in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

**Mon, 14 Feb** ♇ Pluto □ Square ♿ natal Mercury

**Tue, 15 Feb** ♂ Uranus stations Retrograde

*Uranus* stationing retrograde typically brings **delays and reversals** in tech, internet connections, and unexpected plans that felt solid just weeks ago. Areas like innovation projects, group friendships, or sudden life changes often **pause or shift direction** — what looked like progress stalls, and people find themselves rethinking decisions they thought were final. In practice, this period favors **reviewing old ideas** rather than launching new ones, and you'll notice others becoming less willing to commit to radical changes or unusual partnerships.

**Fri, 18 Feb** New Moon in Aquarius

**Sat, 19 Feb** ☉ Sun enters ♓ Pisces

*The Sun* moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.
